**MEN ARE MORE SHORT  
TEMPERED THAN WOMEN**

Is it so, or is it not so? Some men naturally will dispute the statement, but these same men should recollect the times they have lost their tempers when they lit the fire in the morning and it went out, leaving them to do the whole thing over again.

Fortunately this trouble can easily be eliminated. Coal is being sold today which can be ignited from paper rolled into balls. A good fire is going in a few minutes and breakfast is ready in no time.

This coal is the famous Nainaimo-Wellington, sold only by Albert & McCaffery. Every pound of it double screened—no rock or shale, no slack and very little ash. It lasts longer, gives greater heat and better service. These are some of the reasons for so many repeat orders. Be one of the many wise people. Do as they do by ordering nothing but Nainaimo-Wellington coal. Prompt and civil service. Remember the phone numbers are 116 and 564.
