WHARF AT SKIDEGATE

Editor Daily News.

The kindness of the forestry department in calling an open season again for burning is greatly appreciated by the residents of this district who have to make their weekly "trek" to the wharf at the Indian reserve to meet the Prince John.

They can now, instead of freezing with cold, build camp fires to keep themselves warm during their long vigil, very often in vain, during the long winter nights, waiting to see the good ship arrive.

This is a common occurrence especially during the winter, and it makes it especially hard for the settlers, whose lot is none too easy anyhow.

The condition of the wharf at the Indian reserve is in a disgraceful condition and is indeed now in an unsafe condition.

Your newspaper has consistently tried to boost the Islands and we know that you are interested in their welfare, and we feel that we are entitled to some support from Prince Rupert in our struggle to get at least fair communication with the outside world.

Not Unreasonable

We have not been asking for anything unreasonable, as we know that the Government has enough troubles, but we feel that we are entitled to the wharf here if for no other reason than to help lighten the burden of the "men who have stuck" and are trying to do their little to develop the country.

We have petitioned the Government repeatedly, and although various influential men have stated in public that we will get it, there is apparently a hitch somewhere.

All who have visited here and are competent to judge, bear out

our statements, and more especially the masters of the Grand Trunk boats, and who are better qualified than they?

We bear no ill will to those who have opposed our applications, for what reason we know not, but we do feel that questions that concern the benefit of the community at large, no matter how small they may be, should be taken out of the "mire" of politics, and be treated with proper consideration as they deserve.

Of Vital Interest

In closing we would ask you to do your best in our interests at this time to help us procure our wharf here. The matter is of vital interest at the present time, owing as we have stated, to the condition of the Indian wharf.

The question as to this being the most suitable location is beyond argument, and it will be to the benefit of both steamboat service and Rupert fishermen, who are behind us in our request, to have it placed here.

Thanking you in anticipation,
E. C. STEVENS.
