SERVICE NOT SERVITUDE

Has it ever occurred to you that the multitude of "Household Helps" offered for sale are of themselves lifeless and incapable of service unless controlled and directed by the already overburdened housewife.

Laundry service alone is alive, vital, imposing no new obligations, and asking nothing but your friendly disposition, to change servitude into service.

NO EXPERT THIS YEAR

City Council Decides to Defer Appointing of Engineer to Report on Woodworth Lake Power

On motion of Ald. McMordie, seconded by Ald. Perry, the city council decided last night to lay over for next year's council the matter of appointing an expert to investigate into the possibilities of enlarging power production from Woodworth Lake. This motion was voted against by Ald. Macdonald, Ald. Casey and Ald. Evitt.

The question came up when, in compliance with a recent request of the council, credentials were submitted by William Anderson and A. C. R. Yuill, Vancouver experts. Both claimed to be fully qualified to make the report that the city is desirous of obtaining.

Ald. McMordie, in moving that the matter be laid over for the next council, took the view that, since a large expenditure of money might be involved, it would be ill-advised for the present council in its dying hours to enter upon the undertaking. The pressure was not such that a delay of two or three weeks would make any material difference. Ald. Perry seconded Ald. McMordie's motion.

Ald. Casey did not agree with Ald. McMordie. It was not a matter of entering into expenditure now but merely of obtaining expert advice. The city would soon be up against the necessity of providing more power to meet industrial development and he felt that, if the information as to the possibilities of extending the Woodworth Lake supply was obtained at once, that much time would be saved the new council. He was prepared to support such extension if it were deemed advisable by an expert.

Ald. Macdonald and Mayor Newton were also in favor of obtaining the information as quickly as possible. The former expressed himself in favor of engaging Mr. Ross of Seattle if he were available.

After further discussion, in the course of which it was pointed out by Ald. McMordie that the information obtained could not be acted upon until low water in summer anyway, the decision was taken to lay over for the new council the matter of engaging an expert.

NEW TELEPHONES ON GOVERNMENT LINE IN OPERATION ANNOUNCED

Long distance telephones of the composite type have been installed at Topley and Perow in the Bulkley Valley it is announced by John Dore, district superintendent of government telegraphs. Both these places are now hooked up with the Dominion government telephone system and telegrams may be sent to either point.

At Topley the telephone is installed in the post office and B. McCrea, the postmaster, is acting as telephone agent. At Perow, John Bergstein, a rancher, is in charge of the telephone.

Between McInnes ranch (North Bulkley) and Forestdale, twenty miles of telephone-telegraph line has been transferred from the bush to the wagon road making it easier and cheaper to maintain service.

EXTENSION OF POWER LINES TO ELEVATOR WILL COST $22,000

City Council Will Meet This Afternoon to Deal With Money Bylaw Providing For Expenditure

The city council will meet in special session this afternoon to put through its first readings a money bylaw which will be submitted to the people at the January election providing for the expenditure of $22,000 to allow for extension work to the electric light lines in order to furnish power to the elevator.

At last night's meeting of the council there was a recommendation from the finance committee that such a bylaw be introduced but the bylaw had not been prepared so it was decided to defer the matter until today.

There was some discussion on the matter but the aldermen were agreed on the principle of financing the expenditure through debenture issue. Mayor Newton and Ald. Macdonald feeling that this was preferable to taxing the cost direct to the utilities department.

DELVING INTO UTILITY DEPARTMENT FINANCES

Council Decided Last Night to Have Report From Superintendent on Capital Account Charges

The city council decided last night on motion of Ald. McMordie, seconded by Ald. Macdonald, to call upon the superintendent of utilities for a tabulated statement of expenditures charged this year by the light and telephone departments to capital account. The matter came up in the course of a discussion as to the actual financial standing of the utilities in the course of which Ald. McMordie stated that $26,000 for the light department and $15,000 for the phone department had been charged to capital account. He wanted to know what this money had been spent for and when the expenditures had been authorized.

OIL BURNER MORE ECONOMICAL THAN COAL CITY HALL

That a saving of $2.64 per day has been effected at the City Hall through using an oil burning system instead of coal was reported at last night's council meeting by J. W. Exley, janitor. Per month 1488 gallons of oil at 8c is used whereas in a similar period 18 tons of coal at $11 was used. The cost of oil per day was set at $3.96 and coal, $6.60.

QUIETLY MARRIED MONDAY MORNING

Miss Gusti Stolz Becomes the Bride of Leo Dennis Doiron of This City

The wedding took place in the Catholic Chapel at 8 o'clock yesterday morning, Father P. J. McGrath officiating, of Leo Dennis Doiron, son of Mr. and Mrs. Peter Doiron of this city, and Miss Gusti Stolz, sister of Mrs. Louis Locker of Porcher Island. The attendants were Godfrey Bedard and Katherine Bedard. The ceremony was followed by the serving of a wedding breakfast at the home of the groom's parents.

Mr. and Mrs. Doiron will reside in the city. The groom is well known in the halibut fishing business and the bride arrived about a year ago from Austria.

FRED AURIOL SENT UP SECOND CHARGE

Committed For Trial in Connection With Burglary of Eighth Avenue Home

Fred Auriol was committed for trial by Magistrate McClymont in the city police court this morning on a charge of breaking and entering the residence of Adolf Ivarson, Eighth Ave. East, on Christmas Day and stealing jewellery to the value of $110. The stolen property was identified by Mrs. Ivarson and the witnesses were Indian Constable Watkinson and City Constable Crate.

WHALING STATIONS HAVE BETTER YEAR

More Than 200 Tons of Oil Have So Far Been Shipped From Rose and Naden Harbor

Whaling stations along the British Columbia coast have been finding business much better this year than last. Up to the present month, more than 200 tons of whale oil from the Rose Harbor and Naden Harbor stations on the Queen Charlotte Islands have been shipped to England.
