THE WHOLE FAMILY WAS LAID UP WITH SEVERE COLDS

On the first appearance of a cough or cold our advice to you is to get rid of it before it has a chance to grow worse; gets settled on the lungs, and causes bronchitis, pneumonia, or other serious lung troubles.

Dr. Wood's Norway Pine Syrup will immediately relieve the cold or cough on its inception.

Mrs. David Ayres, Kearney, Ont., writes:—"Our whole family was laid up with severe colds, and we didn't seem to be able to get any relief from anything we used until, one day a friend came in and told me we would be sure to get rid of our colds if we used Dr. Wood's Norway Pine Syrup. I decided to take her advice, and in no time our colds were all gone."

Now, knowing the value of your remedy, we will always keep it on hand so as to have it in case of emergency."

Dr. Wood's Norway Pine Syrup is 25c a bottle; large family size 60c; put up only by The T. Milburn Co., Limited, Toronto, Ont.

MIND YOUR OWN BUSINESS SAYS EDITORIAL ARTICLE

There is no bigger menace to society today than the middle-class individual who will neither allow herself, or himself, or even anyone else to live in happiness and contentment says an exchange. And after all happiness is often so short lived—there is a faint whisper in the air, some malicious person catches it in its flight and starts it floating in channels which will eventually reach an otherwise happy and absolutely "innocent" person, and presto! one, if not two lives are wrecked simply because somebody "did not mind their own business."

This mischievous type of person has always existed I suppose and it seems hopeless to expect a change, but "Work" is the very best remedy. Those who are constantly kept busy minding their own affairs have no time or inclination to meddle with affairs which do not concern them.—Satan can always find mischief for the idle, and there is no more deadly harm accomplished than that by the person with the serpent tongue who sends forth poisonous venom with the object of making other individuals as low and base as himself. This world we live in is a pretty good old place, and it can be made very much better and happier when those who pass through it in their brief span of life learn to obey the one big unwritten command to "Mind your own business."

VANCOUVER BREWERIES LIMITED

Dissolve
Just pour Rinso into a soap suds solution. It dissolves in water. It dissolves in water. It dissolves in water. It dissolves in water. Use enough Rinso to get rich lathering suds.

Use enough
Then fill the tub half full with lukewarm water. Pour the thick soap solution into your tub and wrap up the suds at once. Put your hand through the suds into the water—if you have used enough solution the water will feel soapy all through. Even after you have put your clothes into the tub, the suds should stand up. If they do not, add more Rinso solution.

Soak
Soak your clothes in these lathering suds for an hour or two—overnight, if you wish. (Colored clothes not longer than half an hour.)
This soaking takes the place of rubbing. It loosens the dirt so that it rinses right out—no need for that only, neck bands and cuff edges and seams and faces of children's playclothes need any rubbing. For this light rubbing just sprinkle a little dry Rinso right on the fabric.
"Don't rub your socks away"

With Rinso—snowy-white clothes just by soaking

Simply soaking in Rinso suds loosens dirt, so that it rinses right out.
The old wearing method of rubbing soap on the clothes and then rubbing the clothes is done away with. There is no need of it with Rinso.
Only the dirtiest places—where dirt was actually ground in—will need just a light rubbing. Where this is necessary, use a little dry Rinso.
Rinso is made by the makers of LUX—the largest soap makers in the world. It does the family wash as wonderfully as Lux does fine things.

Rinso does the whole job—
with it you need no other soap

Made by the makers of LUX

GERMAN ARISTOCRATS AID THEIR OWN CLASS

Has a Membership of 15,000, Does Educational Work and Looks After Aged

LEIPSIK, April 9.—The Association of German Aristocrats has more than tripled in membership during the last three years. From an organization founded by 30 noble Prussians some 50 years ago, it now claims an enrollment of 15,000.

The association has become very active in education work, and has established schools in several population centers where members of aristocratic families may take courses in cooking, household management and nursing, and learn other duties pertaining to the home. Considerable attention, too, has been paid by the members of late to teaching social hygiene. A recent report of the directors sets forth plans for additional housing facilities for old people's rest homes conducted by the association, where dependent aged men and women of the society may spend their last days in peace and comfort.
