Sport Chat

On account of the rehearsal for the Elks' concert in which a number of the players are taking part, tonight's league basketball games are called off and will be played at the end of the series if necessary. Jack Campbell, president of the Association, announced this morning. The next games will be on Friday night when, in addition to a Junior League game, Intermediate Colts vs. Grotto and Senior Colts vs. Sons of Canada will meet.

With clean sweeps the style of the season, every meeting so far in the second division billiard league has made material changes in the standing sheet. The Billiard Parlor is at present leading the league by virtue of one clean sweep to their credit and another victory of not so decisive character. The Great War Veterans, St. Andrew's and Grotto are not so very far behind. Tomorrow the Vets and the Gallies—who are in the cellar having been victims of two of the clean sweeps—will meet. If the soldiers repeat they will be that much closer on the Billiard Parlor boys' heels although they cannot assume the leadership as a result of the tournament. On Thursday night the Grotto and St. Andrew's will meet to settle the third place dispute. The Senior League game of the week will be between the Prince Rupert Billiard Parlor and Grotto tonight.

TIMES DISCUSSES CITY MANAGER PLAN OF CIVIC GOVERNMENT

Many years may elapse before the ideal form of civic government shall be discovered; but there is everything to recommend the passage of legislation which will enable the municipalities of the province to experiment with the city manager system where the circumstances seem to warrant it, says the Victoria Times.

In many cities in the United States and Great Britain, as well as in several Canadian municipalities, Kamloops being a notable example in British Columbia, the scheme has been tried with conspicuous success. It has been found that a continuity of policy, particularly in regard to the administration of important public utilities, has resulted in considerable economies and efficiency. It has relieved the aldermanic board of a good deal of technical detail, which no council member could be expected to master in one short term, or even in two or three years, and left it more time to take stock of matters of equal importance, but which demand less exhaustive training.

The general provision which is now recommended to the Legislature by a delegation which waited upon the government the other day would merely create

THE LUCK OF THE DRAW

He—Did you take me for a fool?
 She—No, I took you for a husband, but a woman can't help what she gets.

Here and There

During the past season the Canadian Pacific Railway used on all its lines approximately 6,500,000 ties, according to a report just issued. The woods used include British Columbia fir, hemlock, tamarac, jack pine, spruce, maple and birch.

Tourist traffic in New Brunswick during the past summer left nearly \$3,000,000 in the province, an amount almost equal to the total provincial revenue, according to an estimate of the New Brunswick Tourist Association. Approximately 70,000 tourists visited the province.

One thousand British Columbia rose bushes are being shipped to Portland, Ore., "the Rose City." Portland, famous all over the continent for its roses, buys the varieties produced in British Columbia because they are the hardiest and best suited for growing in North America.

Silver production in Ontario for 1924 will not vary materially from that of 1923, judging by figures available for the first nine months of the year from the reports of several operating companies, though some increases will be shown. Production to date has amounted to about \$19,500 a day.

Caribou have been seen in very large numbers this season in the northern part of Yukon territory. Old-timers say that the main herd must have numbered tens of thousands, while in some of the smaller herds that had broken temporarily from the main herd there were hundreds and sometimes thousands.

The very first aerial stowaway ever known was discovered recently aboard a plane in the Laurentide Air Service, Limited, operating on its Ronyra gold fields service in association with the Canadian Pacific Railway. The serious effect of the extra weight on the flying powers of the machine was so noticeable that it led to the man's discovery. As he had hidden himself with a desire to see his sick wife and child, he was not punished.

The enormous contribution to the wealth of Canada made by the Canadian Pacific Railway was alluded to by E. W. Beatty, K.C., Chairman and President of the Company, when, speaking at Welland, Ont., on November 7th, at the celebration of the 100th anniversary of the building of the first Welland Canal, he stated that the company in 1923 dispatched in the Dominion \$202,000,000 in wages and materials, and \$7,000,000 in taxes of all kinds.

MALE HELP WANTED
 \$300.00 a month to distribute everyday household necessities in rural and small town districts. No money needed. Million dollar firm behind it. Write for particulars and state territory desired. H. L. JOHNSON, 579 McDermott Ave., Winnipeg.

Erected at the cost of \$200,000, one of the handsomest marine terminals of the Canadian Pacific Railway was recently completed at Victoria, B.C. The terminal houses the general offices of the British Columbia Coast Service of the Canadian Pacific. The main building is 122 feet long, 54 feet wide and three storeys high, with a fourth storey erected centrally over the structure.

Russia will never again rival Canada as a wheat exporter, according to L. W. Lyde, Professor of Geography at London (England) University. He believes that grain growing in future lies with the Canadian farmer. Russia cannot properly supply its own needs. Pre-war export of wheat was purely artificial, drawn, not from a natural surplus, but from the needs of a very poor and ignorant peasantry.

A twenty per cent increase in the business over the Dominion Atlantic Railway, serving Nova Scotia, was the approximate summary of the summer's travel recently given by F. G. J. Comeau, General Traffic Agent of the line. This is attributable to the growing appreciation of the beauties of the Annapolis Valley and the charm of the Evangeline county among tourists everywhere.

An extensive programme is being prepared in connection with the winter sports activities of the Chateau Frontenac, the Canadian Pacific Railway's famous hotel at Quebec. E. Des Bailleurs, newly appointed sports director for the hotel, is planning the formation of the Frontenac Winter Club and the holding of competitions in curling, skiing, ski-joring, skating and other pastimes of the season.

Surprise packets in the shape of crates containing two lions, a male cub and a full grown female, constituted the most interesting shipment handled by the Montreal and Toronto offices of the Dominion Express Co. this year. The animals, exchanged for specimens of Canadian deer, recently arrived from Dublin and were dispatched over Canadian Pacific lines to their destination, the zoological gardens at Toronto. Needless to say, they were carefully handled.
