Making wash day pleasant—

Just use Rinso where you used to use bar soap—for soaking, boiling, or in your washing machine.

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before.

Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

Rinso is sold by all grocers and department stores

DYSPEPSIA WAS SO BAD COULD HARDLY EAT ANYTHING

Mrs. C. Stone, Nanticoke, Ont., writes: "Some time ago I had a very serious attack of dyspepsia, and was also troubled with gas on my stomach. I could hardly eat anything, and very often had pains after meals. I had used different medicines, but they didn't seem to do me any good. At last I happened to run on the track of Burdock Blood Bitters, and after using it for a short time I felt a lot better. I continued its use until I was completely relieved and now I am ready to recommend it to anyone troubled as I was."

MOST SARCASTIC FELLOW

A visitor to a country town, talking to a local resident, was criticizing the one paper the town boasted.

"Well," he concluded, "I'll say this for the editor—he can be the most sarcastic fellow that ever was when he tries."

"How's that?" asked the other.

"Why, in last week's issue the feature entitled 'Local Intelligence' was only about three inches in length."—Tit-Bits.
