# "Nerves in Bad State Could Not Sleep"

Mrs. H. N. Tardell, Harrowsmith, Out., writes:

"My nerves were in a very bad state, and for nearly six months I did not know what it was to have a good night's rest. I could not eat, and never felt well. I heard about Dr. Chase's Nerve Food.

and thought I would try it After taking it for a few days I began feel better, and soon was able to sleep well at night. My appetite also returned, and I fel stronger and better, and after taking three boxes of Dr. Chase's Nerve Food I was quite well. have also given the Nerve Food to my little girl, with good re-

# Is It Honest To Distort Facts?

Is it honest to distort facts or leave out the important parts of a speech and play up others? Can a man who does this be the Rainbow on this coast. trusted? Above everything, we want to represent us today a fair man.

In reporting the meetings of the candidates T. D. Pattullo and T. Ross Mackay, Mayor Newton's paper has deliberately falsified, by leaving out important facts and distorting others in the reports of their speeches. This was particularly notice- Tug Nitinat to Replace Her in able in regard to the speech of T. Ross Mackay in which Mayor Newton was personally attacked and ridiculed. To judge from the report one would have thought the speaker spent most of his time eulogizing the mayor, when those who were present know that the opposite was the case.

Distorting a newspaper report is as bad as lying or stealing. Reporters will make mistakes and such are excusable. Editors may hold wrong views. They cannot help that. It is excusable. But when a man comes before the public as the has been sold to John Galt & candidate of the righteous and the friend of the workingman and denounces all the wickedness which he sees in his mind's eye and which never existed and then allows his paper to turn round and commit the crime of trying to delude the people by misrepresentation and distortion, it is time that the people he is trying to foozle took an interest in that kind of journalism. It is also time they showed by their votes that they refused to stand for such crude methods by voting against the man who is responsible.

# What About Our Own Position?

Someone of course will ask what about our own position? Our position is that we are supporting the candidature of Hon. Hazelton, Wednesday in Smith-T. D. Pattullo because we believe it would be best for Prince Rupert and for the district as well as for the province as whole. In doing so we do not knowingly distort facts or misrepresent what Mayor Newton or any of his supporters say in their speeches. We believe that the electors should know both Methodist Minister here, preachsides of the case and we go out of our way to give both. Yesterday we devoted a whole page to an unbiased report of the Newton meeting.

Mayor Newton refused to publish Liberal advertising that was offered him. He was justified in that if he did not wish it, but it was along the same line of trying to hold back the truth and let the people see only his side of the public questions at

What we want at Victoria is a fair man whom we can trust. A man who is not willing to give the opposition a fair run for their money is not to be trusted.

## No Brief For Mackay But Should Have Chance.

The Daily News, as everybody knows, holds no brief for T Ross Mackay, the Provincial party candidate. We do not think he will be elected and we sincerely hope he will not. We do not see in that, however, a reason for misrepresenting him and distorting what he says so that it means the opposite of what he . actually meant. The News is trying to give the people honest reports of meetings and anyone who does otherwise is not opened worthy of support.
