THE CROW OF CROUP
A WARNING
TO ALL MOTHERS

Croup starts with a dry cough and rattling in the throat; after which the croupy crow gives warning of the disease. The child, after tossing restlessly about, with start up with a flushed face, protruding eyeballs, and a distressing look of terror and anxiety. There is a struggle for breath, and the expectation of the mucous matter is so difficult to get rid of that the effort appears to threaten strangulation.

On the first sign of the "croupy crow" mothers should administer Dr. Wood's Norway Pine Syrup, and thus give the child prompt and permanent relief, and perhaps the life saved by taking this precaution.

Mrs. H. A. Langhorn, Hamilton, Ont., writes: "My little boy was very bad with the croup and I could not get anything to relieve him until I tried Dr. Wood's Norway Pine Syrup. I cannot praise it too highly for the relief it gave him."

There will be no reduced fares on any steamship lines from Canada to the British Empire Exhibition this year, according to information received at local Atlantic steamship booking agencies. A rate reduction to induce travel is not deemed necessary by the companies in view of the fact that practically all cabin accommodation for the rush season has already been booked at current rates. Usual summer excursion rates from British Columbia to the Atlantic ports will be put on, however, and this will assist to some measure those who plan going to the Exposition.

I love a good tobacco;
I love it sweet and prime;
I love it when it's mellow
And I want it all the time.
I love it in a seasoned pipe,
Cigars, both large and small,
But, when I light my MILLBANK
I love it best of all.

MEN WITH OVERALLS
PURCHASE NEW HOMES

Seventy-five Per Cent of the
Residences Built During
Year are for Working
Men

CHICAGO, Feb. 18.—Seventy-five per cent of the residences built in Chicago during the past year are owned by "overall" people, according to John M. Glenn, secretary of the Illinois Manufacturers' Association.

"There were 7,852 residences built in Chicago in 1923," said Mr. Glenn. "Of these, 5,889, all costing under \$10,000, are owned by working people, families in which the heads of the house wear overalls and work in factories and other industrial plants."

"The average worker of overalls cannot afford to pay \$50 a month for rent when he has a family to support. When we know that the average working man has foresight enough to be thrifty and save in order to purchase his home, we need have no fear for his civic and social attitude."
