

Making wash day pleasant—

Just use Rinso where you used to use bar soap—for soaking, boiling, or in your washing machine.

THE hardest part of wash-day, rubbing, rubbing, rubbing, has given way to the new method of soaking the clothes clean with Rinso. This wonderful new soap gently loosens the dirt and a thorough rinsing leaves things white and glistening as you never could get them before.

Only spots where the dirt is ground-in, such as neck bands, cuff edges, and the like need a light rubbing, and a little dry Rinso rubbed on these spots quickly makes the dirt disappear.

Rinso is sold by all grocers and department stores
