VICTORIA IS TRYING ORGANIZE COMPANY TO TAKE MOVING PICTURES

VICTORIA, Nov. 6.—Another effort is being made to organize a moving picture company here. Dr. John T. Thompson, motion picture director of Hollywood, is here discussing the matter with the Victoria people and he asks that $10,000 be contributed by the citizens before the work begins. This will be simply stock subscription. A committee is working on the proposal and there is a possibility of the concern being organized.

Epinard, the gallant French racehorse, has failed and will never race again. After coming second thrice against the best the United States has produced, he was not even "in the money" in his last essay at the Laurel track in Maryland, and when he returned to the stable it was found that he was suffering from a split hoof, which almost surely will prevent him from any further racing. Notwithstanding this, his real worth was appreciated to such an extent by United States experts, that one of them offered $300,000 for the horse. Pierre Wertheimer, its owner, has decided, however, to retire him to the stud in France. It is stated that the leg which will prevent any further races was discovered somewhat injured before the Laurel race, but that the injury was bound up with tape, since the owner refused to withdraw Epinard and thus disappoint the thousands who had come to see him run.

President Coolidge, of the United States, has joined the ranks of distinguished troublemakers in sport. He has given a silver championship cup for Service Rugby. His intentions are no doubt all right, judging from the remarks he made when he announced the gift, but so were those of the eminent gentlemen who presented now world-renowned trophies for Canadian sport. If someone would have had the kindness to make him acquainted with the history of the hockey cup donated by Lord Stanley, of Preston, afterwards Earl of Derby; the lacrosse cup, donated by the Earl of Minto, afterwards governor general of India; the soccer cup, presented by H.R.H. the Duke of Connaught, and the gold amateur lacrosse cup donated by Sir Donald Mann, of railway fame, he might have thought twice before he acted. Those trophies have made a great name for themselves, and have been the source of drawing millions of dollars out of the pockets of sport-loving people, but they have also been the cause of some terrible fighting and bickering and wire pulling and scheming.—Montreal Star.

The second game of the second division of the billiard league competition will be played tonight between the Prince Rupert Billiard Parlor and the Grotto teams. The players will meet as follows:

F. Aldridge (Billiard Parlor) vs. Joe Beasley (Grotto).

W. Mitchell vs. George Blythe.

Babe Fortin vs. Jack McDougall.

R. Howe vs. Melvin Stephens.

A. Donald vs. S. Suga.

TAKES AS MUCH ENERGY TO DIGEST ENGLISH MEAL AS TO WALK FIVE MILES

LONDON, Nov. 6.—The British public golfs too much and eats too much, according to Dr. Leonard Williams, a Harley Street specialist and a corresponding member of the American Climatological Society.

As for golf, the game has a bad moral effect, according to the physician. "A man loses his match," says Dr. Williams, "and as a result, is unhappy about it, is disgruntled, is bad-tempered. His thoughts are on the next game which he vows he will win. Anl too often he is discontented until he does win."

The way the English take their food is almost as disturbing to Dr. Williams as the way they take their golf. "It is not realized by the public that it takes as much energy to digest an English meal as it does to take a five mile walk. People eat far too much. The day is started with a heavy breakfast; a full meat lunch follows; then there is tea, accompanied by scones and cakes; and finally there is dinner, running to several courses. This is far more than can be properly digested.

"It would be saner and healthier to start with a Continental breakfast, and follow it up with a light lunch. Tea should be a cup of tea, and nothing more. Dinner then could remain what it is."

NEW WORDS AS USED

Jack was home for his holidays from College. One day he said to his mother: "May I tell you a narrative, mother?" The mother not being used to hearing such big words, said, "What is a narrative, my boy?"

"A narrative is a tale," said Jack.

That night, when going to bed, Jack said, "May I extinguish the light mother"

His mother asked, "What do you mean by extinguish?"

"Extinguish means put out," said Jack.

A few days later Jack's mother was giving a party at their home, and the dog walked in. Jack's mother raised her voice and said: "Jack, take that dog by the narrative and extinguish him."

BATTLE OVER HATS PROCEEDS IN PARIS

Milliners and Customers Cannot Agree as to Styles so Old Straws are Worn

PARIS, Nov. 6.—Winter styles are here, and with them has come a bitter fashion controversy. The "hat question" has arisen between the milliners on the one side and their customers on the other. "Is the 1924-1925 winter hat to be the tall Directoire crown and upturned brim, or the little cloche with fitted dome-crown?"

The milliners have replied, it shall be the Directoire, and refuse to make any other kind. Paris women have vehemently objected, and the result has been that a surprisingly large number of straw hats continue to be worn, and the time honored custom of donning velvet hats on the first day of September has been broken.

At the opening of the fall racing season at Longchamp it was noticed that women steadfastly retained their summer headwear. Meanwhile the show windows of milliners on the rue de la Paix and the rue Royale are overstocked with velvet hats.

"It makes me look too matronly," one of the most fashionable women at the track replied when asked the reason for her failure to adopt the "Directoire." This probably sums up the case for the customers.

The milliners have come out flatly and decreed that women must wear square crowns or nothing. It has become practically impossible to find a milliner who will make the stubborn little cloche.
