

Snowy Bed Linen-

fragrantly clean

Clothes washed with Sunlight Soap are naturally cleansed, not chemically cleaned. The pure Sunlight lather goes through and through the clothes, loosening dirt and restoring each thread to a natural state of clean-

LIOW sweet and wholesome is that welcome sense of fragrance which comes from well washed linen. How retreshing it is to lie between clean sheets, to rest one's head on a snow-white pillow case; to breathe deeply in an atmosphere of purity; to feel and to know that the things around you are absolutely clean.

To bring about this refreshing sense in the mind of guest or family is a triumph well worth the attention of any housewife. It is best accomplished by using Sunlight Soap.

To get hed clothes snowy white it is not necessary to boil them or rub holes on the wash board. The sure power of Sunlight Soap itself extracts every trace of soil while the things are soaking. In the rinse it all comes awayall the dirt and every particle of soapy matter, leaving not gray-whiteness, not yellow-whiteness, but snowy white purity and cleanliness.

SEALSKINS ARE AGAIN VERY MUCH IN DEMAND

LONDON, Oct. 31 .- Revival of feminine interest in sealskins is reported by London furriers, who have experienced a heavy demand! this fall for seal coats and jackets, many of them, enlivened by collars of golden beaver or ermine. The heavy, dull brown sealskin coat beloved of the Victorian era, however, is a thing! of the past, for new methods of preparing and dyeing the fur have resulted in the production of pelts, far lighter in weight han even musquash, in rich, durable golden and dark browns that improve, rather than grow shabby with age.
