The Man in the Moon SAYS-

YOU can tell by the glint of a woman's eye, You can tell by the pink on her cheek, You can tell by the smiles with which she beguiles, If she is a vamp or a freak.

RUMOR has it that the ship is to be built in the old country, that the contract has been let to Vickers at Montreal, that the work is to be done in China, that she is not to be built at all; that Wallace of North Vancouver has the job and there are a dozen or two variations of these wonderful rumors and a few people seem to believe each of them. Wonderful is the power of Dame Rumor.

FOR 15 YEARS WAS TROUBLED WITH ECZEMA

There is no other remedy like Burdock Blood Bitters that can possibly give such relief to all sufferers from eczema, salt rheum and all other diseases of the blood for the reason that this old and well tried remedy goes right to the seat of the trouble and completely and permanently drives these diseases out of the system by cleansing the blood and making it pure and rich.

Mr. F. W. H. Schultz, Pembroke, Ont., writes: "Having been troubled with eczema for fifteen years, during which time I tried everything I could think of, including doctors, but without getting anything to do me much good I finally decided to take Burdock Blood Bitters, and I was certainly surprised to find that two weeks after I had started to take it I was relieved of my trouble. That was nine months ago, and I have not had a sign of it since. I surely wish to thank you for this wonderful medicine and strongly recommend it to anyone suffering from the same trouble as I had."

Ten Years Ago in Prince Rupert

April 26, 1914.

The employment agent of the G.T.P. was almost mobbed this morning by men wanting work. In answer to an advertisement for thirty men, two hundred appeared and there was great excitement but without some disorderly incidents.

The Daily News criticizes Mayor Newlon for not carrying out his pre-election pledge that he would call public meetings to consult with the electors on matters of civic policy.

The G.T.P. steamer Prince Albert arrived in port this evening fifteen minutes ahead of the City of Seattle. Both steamers left Seattle together.

BOBBY was a nice girl Bobby had her hair bobbed Now Bobby is a screech.

SAVING money is a fine art. It consists in spending less than the income.

WHENEVER things get a bit dull we have a crisis. There was one yesterday.

IT was a crisis in my life when I refused to marry the girl who proposed to me. She did it so sweetly, too!

A DESPATCH yesterday stated that a naval base was practically established in China. Also I have heard of an apple being practically eaten, of a bootlegger being practically caught, of a pig being practically killed and of a bill being practically paid. It is great to live in a practical country.

THERE once was a young man who had some brains and used them. But that was a long time ago.

THE biggest ass I know is that serious minded goof who thinks that he can make a motor boat fool proof.

BLATANTLY sweet with a rhythmic beat And a lackadaisical manner As with quickening prance, the youngsters dance When they hammer the old planner.

He Had no Roll "I WOULD like," she replied, "a nice crisp roll." As they paused near the restaurant. "Just guess again kid, make another big bid. Perhaps there's something else that you want."

WHEN asked for a cup of tea without cream, the waiter replied that he had no cream, so he would have to serve it without milk.

ANYOX COMMUNITY LEAGUE DEALS WITH MANY LOCAL MATTERS

Ball Ground to be Improved and Other Activities at Smeltpr Centre

ANYOX, April 26.—The regular meeting of the Community League Council was held in Recreation Hall, with the president,

Alterations Suggested

Mr. Seaton suggested alterations in Recreation Hall providing better cloak room accommodation, and the secretary was asked to interview the management in regard to this. An estimate was also asked for in connection with the raising of the stage in the hall.

A letter was read from New Hazelton, stating that a community league was to be formed there, and asking for fullest information regarding the working of the Anyox League. The council decided to leave this matter with the secretary.

BLUEBIRD GIRLS BEAT THE PATS IN BASKETBALL GAMES

Anyox Takes Great Interest in Schedule of Ladies' Games

ANYOX, April 26.—A very interesting and exciting game of basketball was played in the gymnasium on Tuesday night between the teams fighting for the silverware in the Ladies' League. This game has been the most-talked of sporting event of the winter's schedule, and a large crowd filled the seats and overflowed along the side lines. Every player on the floor was anxious to win and all did their best to score the necessary points. The Bluebirds won, fourteen to ten, winning the second half of the schedule, which put them even with the Pats, winners of the first half. The best two out of three will now have to be played. Fred Brown made a very efficient referee, and gave entire satisfaction to everybody. The players were—

Sport Chat

WORKING BEE to-morrow morning, 11 o'clock, Aeropolis Hill grounds. Those interested in sport urgently requested to turn up. Bring shovels, rakes, etc.

The Edmonton Gyro Club seems to be having a somewhat similar experience to that which the local Gyro Club had a couple of months ago in connection with the negotiations for a site for playground equipment. The Edmonton city council has ruled that the club shall install its amusement equipment only on parks having caretakers. The club declares that sites on either South Side or Athletic Parks, having such caretakers, are unsuitable to their plans and that it must have a portion of Tipton Square or it will withdraw the program contemplated for this year.

It would seem to the casual glance that working girls are leading in track and field for so many of the contestants are drawn from the ranks of business says the Toronto World. The school girl may indulge in a variety of games but the worker must choose a sport that can be practised in a gymnasium or field not far from the office. Tennis and golf require expensive equipment but racing needs only a fleet pair of feet and the endurance which the young woman in business apparently has. It gives her in return for her interest, grace, sureness and speed.
