**FOG PLAYS PRANKS
WITH PLEASURE CRAFT**

One Boat Loses Its Way and Reaches Cannery; Another Ashore at Digby Island

The fog played some queer pranks with the pleasure parties that were out last night. One boat, an open one, which was at the Salt Lakes tried to get home and finally found itself at the Prince Rupert Cannery.

Jack Bulger's new launch was fog bound at Digby Island with a party of young people and in trying to get home it ran on a rock and began to leak. The party was landed and the boat beached and repaired and daylight saw them safely home once more.

Other vague stories of delayed parties drift in, but the interested persons are reluctant to tell of their experiences.

Soaking takes the place of rubbing—

JUST by soaking the clothes in the suds of this new soap, dirt is gently loosened and dissolved.

Even the dirt that is ground in at neckbands and cuff-edges yields to a light rubbing with dry Rinso. Not a thread is weakened. The mild Rinso suds work thoroughly through and through the clothes without injury to a single fabric.

Rinso is made by the makers of Lux. For the family wash it is as wonderful as Lux is for fine things.

All grocers and department stores sell Rinso.
