WESTHOLME THEATRE

Tonight and Tomorrow, 7 and 9

"CAMEO KIRBY"

A real romance of Dixie Land. Adapted from Booth Tarkington's noted novel and play. A photo-play with a moral. The Mississippi gambler who proved himself a man in the game of life and love. Lovely scenic surroundings. Stern wheelers, negroes, strumming banjos, picturesque costumes. A woman doesn't have to reform a man if he loves her. He'll reform himself.

John Gilbert, Gertrude Olmsted, Alan Hale, Eugenie Ford and strong cast.

DITCHBURN TELLS OF NORTHERN CONDITIONS

Open Winter Has Been Injurious to Nomaidic Indians of Stikine

W. E. Ditchburn, Commissioner of the Indian Department in B.C., returned to his office Thursday from a Northern tour says the Victoria Times. He announced, at any rate for the present, a merger of the Naas and Queen Charlotte Island agencies under the charge of W. E. Collison, agent for the former territory. The latter agency is vacant by the resignation of Thomas Deasy, retired. The Q.C.I. reserves contain the most advanced aborigines in the province, and direct supervision, it appears, has become less urgent.

Mr. Ditchburn found the Indians well employed, having been busy in pole cutting orders all winter, and now passing on the canneries for fishing. The trapping nomads of the Stikine and adjacent agencies have not done so well, owing to the open Winter having deprived them of many game animals, which retired to remote areas of the northern forest and muskeg.

He noted much lumber, mining and other activities in that section of the province.

THIRTY CARS OF STRAWBERRIES ARE SHIPPED TO EAST

VICTORIA, June 25.—Something like thirty cars of strawberries have been shipped from the famous Gordon Head and Saanich strawberry farms this year already to the prairies. This is in addition to the berries consumed locally, and sent north and to Vancouver. The output has been large and the berries of very good quality this year.

C.P.R. steamer Princess Alice, Capt. Ormiston, southbound from Alaska ports to Vancouver, will be in port from 3.30 to 6 this afternoon.

CLUB WOMEN TAKE INTEREST IN SCHOOLS

Reforms Asked to Bring Education up to Modern Requirements

LOS ANGELES, June 25. — A platform on behalf of American school children was submitted to the General Federation of Women's Clubs at the sessoin of its biennial convention here by Mrs. John D. Sherman of Estes Park, Colo., chairman of the educational committee.

These are the salient points of the policy:

That English be made the basic language of instruction in all schools of America, both public and private.

That physical education be promoted in all schools.

That children between 7 and 14 be compelled to attend school.

That every public school be operated at least 24 weeks of every school year.

That the federation urge the passage of the Sterling-Read education bill.

Mrs. Sherman announced that the federation's department of education had adopted the slogan, "No Illiteracy in 1930."

Other innovations which Mrs. Sherman urged included the establishment of a free public lending library in every county in every state where there is not such a library, "to the end that 80,000,000 people of the United States who now have no library facilities whatever may be supplied with books." She also suggested that there should be training in home economics in every school for girls between 14 and 18 years of age "who soon will determine the standards of home life in the land."

WASHINGTON LEADING IN BASEBALL LEAGUE

NEW YORK, June 25.—Washington jumped from third place to the lead in the American league yesterday. New York remains second. This is the first time that Washington ever held the lead at so late a period in the season.

A DIFFICULT MATTER

"Gosh!"

"What's the matter, friend?"

"I wish I could find a hotel that was run to suit me."

"It's a difficult matter, friend. This hotel isn't run to suit me, and yet I own it." — Pittsburg Post.

MOOSE COW AND CALF VISIT EDMONTON CITY

Are Seen Wandering Within Limits of That Municipality

EDMONTON, June 25—Edmonton had two unusual and unexpected visitors within her confines the other day. They came from the north and it is not thought that they had ever experienced the attractions of city life before. At any rate they found greater safety here than would have greeted them in their native haunts, especially in the early winter months.

The tourists were a cow moose and her calf and their stay here was confined to the north of the city. They were seen during the early morning on the Namayo Avenue road near the main line of the Canadian National and also on the Fort trail.

VERBAL FIGHT OVER HALIFAX ELEVATOR

OTTAWA, June 25.— A verbal fight in the House of Commons signalized the passing in committee of supply of a vote of $200,000 for a government grain elevator in Halifax.

John Evans, Progressive, Saskatoon, thought the Vancouver route was the logical one, especially for the winter traffic.

Hon. J. B. M. Baxter, Conservative, St. John, said he was in favor of this elevator and he deplored the lack of sympathy in the west with other parts of Canada. It was time the two old parties, "the real parents of Canada," joined hands to save Canada from these modern depredators from the west. If the house proposed to vote millions for a "mythical railway to the north pole," the westerners would approve. He would wait till the government had been "pushed a few inches further" by the Progressives and proposed to complete the Hudson Bay railway before he formally registered his disapproval of "that wild-cat scheme."

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.
