Remington Bookkeeping Machine There's a Remington for every need

nables one bookkeeper to do the work of three

"A machine with a mind almost human," the Remington Bookkeeping Machine is noted for its uncannily accurate, three-in-one service. The following are a few of its outstanding features.

It posts items to the Ledger and shows the new balance at the close of each transaction.

It writes Statements and obtains and shows total debits, total credits and balances, all in one operation. In addition to giving the daily balance of each customer's

statement and ledger account, it supplies the daily total of each sub-division of the ledgers-daily trial balance; also the grand total of all the outstanding accounts in all the ledgers. With it, one bookkeeper can do the work of three

ordinary people and do it with more speed, greater accuracy and infinitely less trouble-to say nothing of the satisfaction and saving such a result will mean to you-the employer. You can buy a Remington Bookkeeping Machine on very easy terms. Ask your nearest agent for a demon-

stration or mail this coupon for particulars. H. E. Stiles, Vice-President and Managing Director.

"Has Beens"-By A Bean.

In a garden cool and shady, once there lived a maiden lady, Near the fouritain spouting merrily and high; Though the sun was fierce and hot, there 'twas such a pleasant spot, And our lady thought—there's no one 'round to spy!

But it happened that a bee, singing low and lustily, His head with lust of apple-blooms imbued, Chanced to see that maiden lady (in the fountain cool and shady) f am sorry-but bees have no manners-nude!

Such a soft and tempting bite-he could not resist the sight, And neither, I am sure, could you or I; Now that garden cool and shady sees no bee nor maiden lady, And we're privileged to know the reason why!

The Labor Member chuckled, as he read the Rupert "News," 'Here's a chance to win some money and elucidate my views. For of birds, and fish, and animals, I have a right to speak As I'm boss of the Provincial Show, to open up next week."

'We haven't got them well trained yet, but in a month or so You'll see them all performing, and just watch how they will go. We're short of clowns, because MacRae and Bowser met defeat But we guarantee the following to furnish you a treat."

'For first we have our 'Honest John' (does the prefix make you

'And, who's that, straining at his leash, and looking for a row With some one, any one, every one, anywhere or anyhow. That darned Aftorney General will not mind my little whip And I don't think we can train him, through the little hoop to skip.'

The next one to the right is getting 'Better' every day Since from your growing city he has been so long away He watches things most carefully, to keep us off the rocks You're right, you can't deny, that's George, the cunning old red fox.'

And so the show goes on and on, each in his turn the best. Another year will prove to us how many stand the test. Let the birds and animals perform, and don't kick up a fuss. As to the "Fish" tribe, just remember, that is mostly "US."

RESPONSIBLE FOR BOYS

Editor Daily News.

In yesterday's issue of the Daily News appeared the heading truth of the platitudes and act "Young Boys Caught Stealing" which raises a question we as a community are bound to answer. There is no man so materialistic as not to have at times a little societies of this city in providing it enough? Influence of Training

The child is father to the man, said Wordsworth in one of those jewel sentences, seven words long, that has and will stand the test of time. The state

Is your wife wiser CIICII y Cu.

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony armchair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--- and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Soaking takes the place of rubbing-

IUST by soaking the clothes in the suds J of this new soap, dirt is gently loosened and dissolved.

Even the dirt that is ground in at neckbands and cuff-edges yields to a light rubbing with dry Rinso. Not a thread is weakened. The mild Rinso suds work thoroughly through and through the clothes without injury to a single fabric.

Rinso is made by the makers of Lux. For the family wash it is as wonderful as Lux is for fine things.

All grocers and department stores sell Rinso.
