BEER--

A B.C. Product

Large sums of money have been expended by trade development agencies in spreading the gospel of buying B.C. products.

B.C.'s Breweries in the past year have paid nearly \$700,000 in wages to B.C. workers, not to mention vast sums spent with B.C. farmers for barley and hops.

The passage of the "beer by the glass" plebiscite will reduce the consumption of imported spirits in favor of light, wholesome, cheaper beer made by B.C. workers from materials produced on B.C. farms.

VOTE "YES"

on the Draught

Beer Plebiscite

Beer drinkers are not drunkards. Added facilities for securing draught beer by the glass will discourage the drinking of strong liquor.

What Highways Chief Says About Oliver Government Roads

A. W. Campbell, Chief of Canadian Highways Commissions, writes to Hon. W. H. Sutherland:

"Sections of your roads are among the finest I have seen in Canada or elsewhere.

"I had an opportunity of meeting all your District Engineers and of seeing some of their most difficult work. They appear to be enthusiastically interested in and attached to the work in which they are engaged; and, as far as I could see, the work being undertaken was carefully laid out, carefully and substantially constructed, and full value being received."

British Columbia has 17,000 miles of roads and 8500 miles of trails; placed end to end they would circle the world.

CLOTHES SENSE

Clothes sense according to Dainty Dorothy is a combination of style sense and common sense. Dorothy purchases a new gown or suit when she knows she needs it and the price is right. But she never loses sight of the redeeming qualities of a thorough cleansing. She talks to the men occasionally about clothes extravagance and as a result we are doing the steaming and pressing of many male garments worn in this town. If you phone we'll call.

DIPLOMATIC REASON CANADA HOLDS BACK

Daily Mail Says Another Allied Power was to Claim Equal Rights

LONDON, June 13.—It is a matter of common knowledge in well informed circles, the Daily Mail says, that it was a "special diplomatic reason," which Premier King of Canada alleges weighed with the British Government in withholding Dominion representation at Lausanne Conference. It was the apparent intention of another allied power to claim the right if Dominion delegates were admitted to the conference, of introducing delegates from this allied power's own colonial empire.
