CHANGE TIME CLOSING STORE

Universal Trading Co. Will Open 5.30 and Close at 5.30

In order to better keep pace with the increased business accruing from the new sales policy and the increased newspaper advertising campaign recently adopted, the Universal Trading Company, under the direct management of J. C. Gavigan, will hereafter close at 5.30 each evening opening at 8.30 in the morning instead of closing at 6 p.m. and opening at 9 a.m. The half hour change in opening and closing time has been found necessary in order that the clerks can better prepare the arrangement of advertised specials in their respective departments.

Realizing that money in merchandising is made on volume of turnover and not on volume of holdovers, the business policy of the Universal Trading Co. will, in future, be an aggressive one. Mr. Gavigan, who is now personally directing the dry goods end of the business, states that he is particularly pleased with the results of his new sales campaign and sees no reason why the turnover of the Universal Trading Co. should not be trebled during the present year.

EDMONTON PAPER IN FAVOR OF CONFERENCE AS OLIVER SUGGESTS

Would Have all Interested in Peace River Railway Get Together and Evolve Plan

Premier Oliver of British Columbia in passing through Edmonton on Tuesday gave an interview with respect to his recent visit to Ottawa says the Edmonton Journal. He had investigated, he said, the possibilities of an outlet being provided to the Pacific from Peace River and had come to the conclusion that there was no likelihood of the Brule line being built this year. Having satisfied himself on that point, he had suggested a conference between the federal, the B.C. and the Alberta governments and the two transcontinental railways with a view of determining the most feasible and economical policy to be followed in giving the transportation facilities westward of which the people of the Peace River stand so much in need.

This is what the Journal suggested over a month ago. Something must be done to solve the problem at the earliest possible moment and it should be possible to arrive at a solution by the method proposed. Mr. Oliver was reported to have stated in Ottawa that the C.P.R. had decided not to take up its option on the E.D. & B.C. a year from next July. He denies that he used any such language and adds that he was informed by President Beatty

CONSTANT HEADACHES AND DIZZINESS

It is hard to struggle along with a head that aches and pains all the time, and in nine cases out of ten the persistent headaches are due to some derangement of the stomach, liver or bowels. Undoubtedly the cause must be removed before permanent relief may be had.

Burdock Blood Bitters removes the cause of the headaches, as it acts on every organ of the body and strengthens, purifies and regulates the whole system. Mrs. Peter Curran, 27 Morrison St., Sydney, N.S., writes: — "I have been troubled for the last five years with constant headaches and dizziness. After trying several remedies, which I found to be of no avail, Burdock Blood Bitters was recommended to me. B.B.B. did me a world of good, and cannot praise this remedy enough." Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

that his company has reached no decision. The head of the C.P.R. did not intimate what its course was likely to be but favored the calling of the conference.

Greenfield Agrees
 Premier Greenfield is also favorable and it is to be assumed that the federal government and the C.N.R. president would be glad to have such a gathering called, as it would help them in reaching a decision as to the course which they should pursue. So no time should be lost in making arrangements for it. This newspaper has been convinced from the first that the best solution lay in having the C.P.R. take over the E.D. & B.C. and extend it to the Pacific. But if that corporation is not prepared to do this, it should not stand in the way of the C.N.R. giving the relief, which is so urgent, by assuming control of the provincial railway and building to a main line by one of the routes which it has in mind. The conferences between the railways and the governments concerned should clear up the situation and lead to definite action.

LABOR TROUBLES IN CANNERIES OF ALASKA LIKELY ELIMINATED

SEATTLE, May 5. — Labor troubles will be largely absent in Alaska canneries this summer, it is predicted by Dr. E. D. Clark, acting secretary of the Association of Pacific Fisheries. Conditions which caused previous disturbances at the canneries will be eliminated this year by an agreement signed by sixty companies which stipulates that the members will live up to schedule of regulations governing the amount and kind of food to be served, and which also require better sanitation aboard ships and in the canneries. Gambling is also forbidden and extra precautions are to be taken to prevent the sale of narcotics among the employees.

Another stipulation is that the employees must have at least \$75 to their credit when they end the season's work.

COYOTE AND RABBIT

Travellers on the road to Talk-

wa on Sunday evening witnessed an unusual sight, when a rabbit was seen scratching the dust of the road with a coyote in full pursuit. The rabbit kept right on toward and passed the automobile, while the coyote came within a few feet before jumping to one side of the road, where it viewed with resentment the Ford which had cost him his supper. — Interior News.

LUMBER TENDERS

Tenders for lumber to be used for the sidewalk on Fifth Avenue East were opened by the city council last night and referred to the Board of Works. The bids were as follows:
 G. W. Nickerson & Co., cedar, \$29 and \$27 per thousand.
 George Little—cedar, \$26.50; hemlock, \$26.50.
 Big Bay Lumber Co., cedar, \$26.
 Albert & McCaffery—hemlock, \$28 cedar, \$26.50.

CALLIES BEATEN IN FIRST GAME

Sons of England Won Season's Football Opener by Score of Two to One Last Night

A large crowd watched the Sons of England defeat the Callies by a score of two to one in the opening game of the city football championship series for the Mobley Cup last night. The gate was bigger than was recorded at any Association game during 1923.

The teams took the field as follows:
 Sons of England—L. Potterton; A. Lane and H. M. D. Lambe; P. Cameron, G. Kelsey and H. S. Hurn; George Hill, Jr., George Howe, G. P. Tinker, G. Harvey and A. J. H. Woolton.
 Callies—A. Murray; H. Hamilton and D. Jack; J. Sims, G. Goehrane, and D. Main; W. Hamilton, W. Mitchell, O. K. Lord, S. Elder and J. Andrews.

G. S. Russell refereed and the linesmen were A. Clapperton and J. Marks.

Playing downhill in the first half, the Callies opened the scoring about 10 minutes after the start when Lord successfully negotiated a short direct shot.

In the second half, about seven minutes after the opening, the Sons equalized when George Howe converted a corner. Ten minutes or so before the close, the Sons got their winning goal when H. Hamilton put the sphere through the Callies own goal.

There was little that was brilliant about the exhibition but it should be taken into account that it was the first game of the season. Effective work was rare, combination was poor and the finishing was loose. The Callies were given best service by their left wing consisting of Elder and Andrews, Lord at centre and Jack at back. Andrews was injured midway through the first half but he pluckily stayed with the

game although his work thereafter was, of course, not so effective. The English half backs—Cameron, G. Kelsey and Hurn—showed up well, P. Cameron being the most consistently effective player.

Sport Chat

Nothing definite in regard to the 1924 baseball program for Prince Rupert was decided upon at the annual meeting of the Association held a couple of weeks ago but tonight another meeting of players and fans is to be called and it is hoped that the attendance will be large. Anyone interested in the game will be welcome and suggestions from all are solicited. There is a move on foot to change several details of the system that has been in vogue in past years and a better distribution of players is planned. It seems that there should be material here for a very interesting league competition if it is properly lined up.

An attempt is being made to bring lacrosse back in Prince George this year. It is proposed at the start to get together two teams and from the best of the two aggregations to select one which will represent the city. The first practice was held last Sunday. A number of good matches with the Quesnel team is anticipated. At the present time the Quesnel players are the holders of the interior lacrosse honors but it is the aim to bring them back to Prince George this year.

J. C. Pidgeon has again been appointed by the Prince George Athletic Association to take charge of baseball organization there this year. He will be assisted by J. D. McLeod and A. B. Taft. There will be at least two teams in the league contest drawn from the various organizations. The Prince George Athletic Association is planning to give the children of the city a picnic at Six-Mile Lake on May 24.
