# Lapointe Signs Liquor and Narcotics Smuggling Treaty on Behalf of Canadian Government

WASHINGTON, June 6.—A treaty to suppress the smug- EDMONTON WON signed here today by representatives of Canada and the United States governments. Hon. Ernest Lapointe signed on behalf of Canada while the agreement was signed for the United States by Secretary of State Hughes,

This is the second treaty which has been signed by a Canadian representative without the intervention of Great Britain, Hon. Ernest Lapointe being the representative which signed the Halibut Fisheries Treaty. The event caused a good deal of discussion at that time.

### REDISTRIBUTION BILL NOT READY

Difficulties Being Experienced in Connection With Quebec and Ontario

OTTAWA, June 6 .- The redistribution bill appears to be still a considerable distance from completion. Pretty general agreement has been reached as regards the West and little difficulprovinces. Ontario and Quebec ALBANIA REVOLUTION ly is expected with the maritime are, however, still the stumbling blocks and there has been little; progress towards reaching a settlement with either of these provinces. The problem of city representation also continues to be one of the most difficult.

# ANOTHER TIEUP IN

Unofficial Strike of Shopmen FLYING OFFICERS ARE Began Thursday Morning

LONDON, June 6 .- A tieup in London's tubes and railways through a strike of shopmen which began Thursday morning is incomplete since the movement is entirely unofficial. The companies involved are maintaining a skeleton service. No omnibuses or tramways are affected.

### FIRST BIG STRIKE TEST

Rank and File in London go Out Though Opposed by Union Officials

LONDON, June 6. - The city's railway strike was a great deal stronger this morning and what trade union officials describe as "the first big test of the socalled rank and file movement," seems to be developing in favor of the workers with communistic tendencies.

Trade union circles continue to oppose the strike which is entirely unoffical.

### Bear River Mines at Stewart Show Great Promise and will Soon be Shipping says Clothier

With the melting of the winter snows and the advent of more favorable weather of summer, development work is being started on many mining properties in the Bear River valley at Stewart and, everything considered, the prospects for that district this year are very favorable indeed states G. A. Clothier, resident mining engineer.

Development on the Dunwell mine, which now bears the most promise because it has had the most work done on it, continues to produce very satisfactory results and fine ore has been encountered on the north drift of

the lower tunnel. It is probable MAKE SURVEY the Dunwell from the Main Bear River wagon road this year.
