WOOD PLANT HERE

New Westminster, April 26, 1924.

Prince Rupert, B.C.

I notice that stock in the of the most splendid pieces of Skeena Laminated Wood Company is being sold in Vancouver and here and I find that the plant s not being built at Prince Rupert but some thirty miles away. Now Mr. Editor what I would like o Prince Rupert.

As a taxpayer I think I can voice the sentiments of many others when I say Prince Rupert needs industries to relieve taxpayers of their burden, and when a chance like this comes some steps should be taken to get such an industry employing 100 men, many of them with families. which means new houses, business for grocers and other husiness men, etc.

Two plants of this nature are running all the time in this city SOME Prince Rupert people leaving a large amount for wages and supplies.

Will you kindly print this in your paper and see if other taxpayers have similar views. F. E. SMITH.

KATE RYAN GETS MUCH PUBLICITY

Out Over Press Mail Sheets to Every Paper in Canada

Practically every newspaper in camp. SHOCKLEY'S Planing Mills

"During the winter of 1920-21, I was greatly distressed with pains in my back and felt tired and depressed most of the time. Particularly during the night I was troubled with frequent urination, some nights having to rise almost every hour. I tried several different treatments without success, until finally I began us-

ing Dr. Chase's Kidney-Liver Pills, and they relieved my condition before I had finished the first box. I am feeling better this summer than I have for years, and although in my 67th year, can work all day without any undue fatigue.

"I was Greatly Distressed
