JAPAN RISES FROM OCEAN

Volcanologist Declares the Earthquake Resulted from Volcanic Action

TOKIO, May 21. — Although eminent seismologists, both Japanese and foreign, had discounted the supposition that the recent terrible earthquake was the result of volcanic disturbances, and that it was caused by a depression in the bed of the ocean, Dr. T. A. Jagger, noted American volcanologist, who for some years has been studying volcanic phenomena from an observatory that he had specially built near Kilauca, Hawaiian Islands, declares that he is firmly of the opinion that the disturbances were of volcanic origin.

He also declares that Japan is rising from the sea and that the district embracing Tokio, Yokohama and the regions recently stricken are several feet higher than a century ago. Dr. Jagger believes that the entire coast of Asia is rising and that within a short space of time, speaking in terms of history of the world, the appearance of the surface of the globe will be entirely transformed.

"The Japanese earthquake," stated Dr. Jagger, "caused great change in the surface of the earth in the vicinity. The extent of the changes is yet unknown, but from investigations already made it is evident that far greater changes took place than is the case generally in similar disasters. Although the quake centered about Yokohama and Tokio the level of the ground has been changed for hundreds of miles in all directions, and it is possible that the coast of China has also been affected."

MR. WALTON HONORED BY HIS ASSOCIATES

Was Presented With Purse of Gold Yesterday Afternoon Before Leaving For Winnipeg

Just before he left yesterday afternoon for Winnipeg, where he will take up his new post as general superintendent of the Canadian National Railways for Manitoba, N. B. Walton was honored by his former associates in railway work here at a pleasant function which took place in the superintendent's office. Heads of the different departments assembled and, on behalf of the officials and employees of the division, W. H. Tobey, division engineer, presented Mr. Walton with a purse of gold, speaking appreciatively of the most pleasant relations that had always existed with Mr. Walton as head and expressing the hope that the future would bring nothing but further advancement and prosperity. Mr. Walton replied suitably stating that it was not without regrets that he was leaving Prince Rupert and the many pleasant associations here.

Mr. Walton took the evening train for Winnipeg accompanied by Mrs. Walton and family.

FLOATING SPECKS BEFORE THE EYES MEANS LIVER TROUBLE

When specks start to float before the eyes, when everything seems to turn black for a few seconds and you feel as if you were going to faint, you can rest assured that your liver is not working properly.

The essential thing to do in all cases where the liver is slow, lazy or torpid, is to stir it up by the use of Milburn's Laxa-Liver Pills and clear away the accumulated mass of waste and poisonous matter from the system.

Mr. Chas. Ayland, Frankville, Ont., writes:—"I used to be awfully bothered with floating specks before my eyes, headaches and sickness to my stomach. I took just half a vial of your Milburn's Laxa-Liver Pills and ever since I have felt as well as I ever did. Now I always keep them on hand."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont

DOGS STAMPEDE WHEN PASSING PLANES ROAR

Mushers on Central Alaska Overland Trail Asking That Aerial Route be Changed

NENANA, Alaska, May 20. — Mushers on the Nenana-McGrath overland trail are experiencing difficulties with their sled dogs since the advent of the mail plane in interior Alaska. When the plane following the trail appears overhead, the dogs stampede. The dog mushers are petitioning to have the air route changed to avoid these weekly canine riots. They often put half the rolling stock of the dog trains out of commission, and leave freight scattered along the trail for miles.

USE MACHINE GUN TO KILL HAIR SEALS

Fisheries Official Takes a Flight Over Sandbanks of Fraser River

NEW WESTMINSTER, May 21. —Following a seaplane flight over the sandheads of the Fraser River, with a view to locating herds of hair seals, by W. E. Maiden, secretary of the B.C. Fisherman's Protective Association, and Alfred Monk, chairman of the Fisheries Committee of the Westminster Board of Trade, action will, in all probability, be immediately taken to destroy the mammals by machine-gun fire.

Flying at an altitude of 150 feet the party located several small herds of the seals lying on the sand banks.

The day was not particularly favorable for observing the mammals, as lack of sunshine and the rough weather prevented them from congregating in any numbers on the sandbanks," stated Mr. Maiden on his return from the flight.

"However, immediate measures will have to be taken to shoot down the seals, which are causing havoc with the salmon entering the Fraser river."

Mr. Maiden said the flight was taken as a scouting expedition for the purpose of ascertaining if the seals could be located in such numbers that would offer a target for a machine gun fired from a sea plane. It is understood that more observation flights will be taken so as to get things properly lined up for the actual machine gun attack.

COLTS SENDING TEAM TO TERRACE MAY 24

Local Boys to Play Baseball and Football at Strawberry Centre on Victoria Day

A team representing the Colts Athletic Club of this city is going to Terrace on Friday night to play two baseball games and one football game with aggregations representing the strawberry town on May 24. There is to be a celebration there and it is expected that several local citizens will make the trip.

The local team, which will leave on Friday night's train and return on Sunday, will be under the management of Ralph Smith and will consist of the following players:

M. Budenich, catcher; D. Frizzell, pitcher; R. Smith, 1b.; R. Commons, 2b; G. Mitchell, ss.; R. Bulger, 3b; Geo. Blythe, lf.; J. Sims, cf.; R. Davis, rf.; J. Hamilton, spare.

Sport Chat

In the football game between the Sons of England and the G.W.V.A. on the Acropolis Hill grounds tomorrow evening, the following teams will be fielded.

Sons of England—Harvey, goal; Cole and Lambe, full backs; Hodkinson, Cameron and Kelsey, half backs; Geo. Hill, jr., A. Lane, P. Tinker, Hurn and Dicknes, forwards. Reserves: R. Howe and Wootton.

G.W.V.A.—Knox, goal; Barton and C. Whatman, full backs; Murray, Carney and Hunter, half backs. The forward line will be picked from Meagher, J. Johnson, Dido Gurvich, Hamilton and Finley.

The float approach at the Salt Lakes landing has been repaired by the Prince Rupert Boat House and an invitation is extended to owners of pleasure craft to make full use of it during the summer season. To facilitate the mooring of the Boat House launch "23" it is requested that pleasure boats be tied at the back and ends of the float. The Prince Rupert Boathouse this summer will mainfain a regular half hourly service on Thursday, Saturday and Sunday afternoons. Also a daily afternoon service to be maintained as well as the usual holiday service.

Last Sunday, a new skiff was taken into Khtada Lake by Billy Reid and Bill Williscroft. It was left there and will be a convenience to local anglers visiting the popular lake. It would be appreciated, however, by the men who took it in as well as the piscatorial fraternity generally, if proper care is taken of the craft by those using it. In the past there has been a good deal of carelessness by certain individuals visiting the lake. This is neither thoughtful of the interests of others or these individuals own future convenience.

Finland bids fair to be one of the strongest contenders at the Paris Olympiad this year. During the past few years this country has come forward in athletics by leaps and bounds. The little Scandinavian nation, with but two score athletes carrying her colors, demonstrated her strength four years ago at Antwerp by capturing nine first places as many as the United States, with all her representation, was able to take.

Finland, review of the records of previous Olympiads discloses, has displaced Sweden and Great Britain in track and field sports, though this season there are also signs of a British come-back. From 1896 to 1908, the United States swept to overwhelming victories in the international meets, but since then the margin of triumph has been narrowing rapidly. Great Britain formed the stiffest opposition in 1908, Sweden jumped into second place in 1912, while Finland, just beginning to come into prominence in 1912, gave Uncle Sam's stars a strenuous fight four year's ago in Antwerp.
