Mrs. John Bennett, Boggy Creek, Man., writes: "My little girl had organic nervous trouble, could not sleep, had severe headaches and fainting spells. This went on for three years, and three doctors helped her very little. After reading of what Dr. Chase's Nerve Food had done for others, I got some for her. She is now so well that she is like a different child. She is fourteen years old and looks the picture of health."

"We have used Dr. Chase's Nerve Food for different members of the family, when recovering from 'flu' and scarlet fever, and it has always helped them."

PLEBISCITE REQUEST IS FURTHER TABLED

City Council to See What Legislature Does Before Deciding to Test Public Opinion on City Managership

The request of the Prince Rupert Ratepayers' Association that a plebiscite be submitted at the next civic election on the question of city managership again came up at last night's council meeting. There was no objection to the request being granted but, when it was pointed out by City Solicitor Jones that unless the Municipal Act was amended city managership could not be put into effect even if the scheme were approved, it was decided to lay the matter over for another week pending the legislature possibly taking action on the particular point in question.

Ald. Collart was in favor of submitting the plebiscite and pointed out that, if necessary, special legislation could probably be obtained to effect the change. Ald. Casey had no serious objection to having the plebiscite put but still felt there was no general demand for it and the general public did not know enough on the subject to warrant a vote being taken. Ald. Macdonald had no objection but felt there was no use in testing public opinion, even if it cost only a few dollars to do so, on a matter which could not be put into effect if it were approved. On suggestion of the mayor, the request was further tabled.

Three Thousand Dollars Considered Adequate to Cover Removal of Rock from Third Avenue Lots

The city council, on recommendation of the board of works, decided last night to accept an amended offer from Dybhavn & Hanson of \$3,000 for the excavation of the lots at the corner of Third Avenue and Fifth Street. The first offer was \$2,500, this having been rejected by the council last week. The city will be responsible for any damage incurred in the work, the engineer and Board of Works having been of the opinion that the new offer would be sufficient to cover this. The rock removed will be used for street surfacing purposes.

OVERWHELMING MAJORITY IN SILENT ELECTION

Prince Rupert Women Register Interesting Vote to Save Money and Lessen Work

It is a sign of the times that women should demand more authority in their homes. Not that they want all their own way but that when comfort and economy are at stake they are usually better judges than their husbands.

They are at home all day and know more about the things that go to make for the comfort of the home than the husbands who come home at night expecting everything to be just so. This is why so many Prince Rupert ladies insist on having Nanaimo-Wellington coal. They have made a study of coal and have discovered that Nanaimo-Wellington is far superior to its competitors. Very little lasts a long time. If drafts are shut off at night the fire will be there in the morning. No rock, very little ash and no slack are other points in favor of Nanaimo-Wellington.

This famous coal is sold only by Albert & McCaffery. They have their own team and trucks and assure prompt service. Order direct from them and be sure you get the only coal—Nanaimo-Wellington. Their phone numbers are 416 and 564.
