SMITHERS

John Gould of Houston arrived in town Tuesday morning on a business visit.

Mrs. Chas. Reid accompanied by her mother, Mrs. Sharpe, returned from Hazelton the forepart of this week, after a couple of months spent in that town.

Constable Thos. Thiss left on Thursday morning for the coast being in charge of two prisoners who are to serve terms at Okala.

The Brownies are a very busy group of girls these days working and planning for their sale of work which they intend to hold today. There are now eighteen Brownies under the leadership of Mrs. (Rev.) Biddell, and as this is their first attempt at an affair of this kind they are naturally very excited, and are anxious to show the grown-ups that they can do fancy work too.

Playing in the second round of the cribbage tournament conducted under the auspices of the Oddfellows' lodge is now underway. The drawing resulted in the following players being pitted against each other—Mrs. (Dr.) Alexander vs. Ed. Eby; Thos. Brewer vs. P. Olsen; Mrs. R. Arthur vs. R. Lamb; J. R. McIntyre vs. Mrs. A. E. Campbell; Dr. H. Alexander vs. D. Wardrop; Geo. Heffernan vs. Geo. Wall; W. Goheen vs. A. E. Campbell; Sam Eby vs. J. Hughes; Mrs. E. Gunderson vs. F. Manuel and Elmer Gunderson vs. T. A. McMartin.

TERRACE NOTES

J. Forsythe left for Edmonton Monday night.

Rural Dean Marsh is spending a few days in Pacific this week.

The B. D. Bridge Club met this week at the home of Mrs. M. Hatt.

The Oddfellows and Rebekahs joined in giving a dance in Progress Hall in honor of Mr. and Mrs. Wm. Watt. Just before supper the Rebekahs gave the bride a shower of miscellaneous dainty and useful articles.

Mr. Rige arrived from the prairie to settle here, bringing with him eight horses and sixteen head of cattle. He is living at the Eby ranch.

Mr. and Mrs. Christie have leased the Forsythe ranch for a year and have taken up their residence there.

Mr. Monsell has sold his ranch and is living in town for the winter.

His Mirror Told Him of Exhausted Condition

Mr. R. Paulin, Toutes Aides, Man., writes:

"I became so run down and weak that my heart became affected, and I would sometimes have to remain in bed for several days.

Some one advised me to use Dr. Chase's Nerve Food, so I did, and soon began to gain in weight and feel better. I have taken a great many boxes of these wonderful pills, and am feeling ten years younger. Dr. Chase's Medicines, as well as his Receipt Book, are a great help to us, for we live 40 miles from doctors and railroads."

Here and There

"Moose are plentiful in the Chapleau, Ont., district, and hunters can secure a good 'bag' of deer and bear," says J. W. McVey. Experienced guides can be obtained and hunters are assured they will get their limit.

"One of the things for which Canada is most to be congratulated is that she has established a system of education that compares favorably with any in the world. Canada is a nation of literates, she has a remarkably small proportion of illiterates," stated the Right Hon. H. A. L. Fisher, former Minister of Education in the British government, when disembarking at Montreal.

One of the many gifts offered by enthusiastic individuals to the Prince of Wales on his visit, the majority of which he could not for obvious reasons accept, was a package of French-Canadian tobacco grown on a farm at St. Roch l'Achigan, situated near the boundaries of Montcalm and Assumption counties. In a letter from the Alberta ranch the Prince through his secretary thanked the donor for the gift.

A cablegram from London, England, quotes an article in the "Financial News" dealing with the British Empire Exhibition. It stresses the exceptionally fine exhibit staged by Canada and the unquestionable benefit to trade relations it has effected. The article pays a high tribute to the Canadian Pacific Railway exhibit, describing the railway's gorgeously illuminated map of Canada, with its 5,000 incandescent lights as probably the most brilliant specimen of cartography ever seen at the exhibition or elsewhere.

It has been announced that H. J. Logan, M.P. for Cumberland, will accompany the Minister of Trade and Commerce to the West Indies to negotiate a new reciprocal treaty with those islands. The general purpose of the visit is to admit West Indian commodities free in return for Canadian manufacturers receiving similar treatment, the products of the two countries being entirely dissimilar. It is also hoped to build up a direct system of importations through Canadian ports instead of through the United States, by which route a great proportion of West Indian products now come to Canada.

The Canadian Pacific Railway has appointed P. A. Cox, general agent, to be assistant Oriental manager, at Shanghai, and E. F. L. Sturdee, acting general passenger agent for the Orient, to be general passenger agent for the Orient, with headquarters at Hongkong. Leo Solloway, recently appointed Asiatic freight agent, with offices at Montreal, and supervision over Oriental and Australasian traffic via Pacific ports, has the distinction of being the youngest official in the Canadian Pacific Service. He was born in Vancouver, in 1895, and has been in the steamship freight service 14 years.

The winners of the Canadian Pacific Railway's Ontario bungalow camp fishing trophy competitions for 1924 were announced recently. The French River competition resulted in two competitors turning in fish almost identically alike. In this contest a tie was declared. The successful anglers were D. W. L. Hawkins, New York City, and H. Champ, Hamilton, Ontario, each entering a small mouth bass weighing exactly 4 pounds. The winning fish at Nipigon River Camp was a 6 pound, 10 ounce trout, caught by William Meijer, Detroit, Michigan. The Devil's Gap (Lake of the Woods) trophy was won by J. A. Furlong, Winnipeg, Manitoba, who entered a muskellunge weighing 29 pounds, 8 ounces.

DANCE HALL IS NOT GREAT EVIL BUT JOY RIDES IN AUTOMOBILES

Policewoman Says Trouble With Girls Is They Are Too Lazy to Work

HALIFAX, N.S., Dec. 13—"The dance hall is not the great evil in itself," said Mrs. Virtue, questioned on the work that the police department is doing in trying to rid Halifax of certain vicious girls, and make it safer for the average working girl. "It is the car that waits outside, ready to roll up at beckoning signals and take parties on so-called joy-rides. The dance hall is only the meeting place.

About the year 1880 the pioneer prospectors of British Columbia discovered a remarkable coal. After many trials and tests it was positively established that this coal represented the acme of economy, efficiency and comfort.

To this fuel they gave the new famous name of "Nanaimo-Waddington," representing all that was best in coal.

No sooner was it found that the public insisted on getting this Wonder Fuel than other coals were put on the market under very similar names. So much so that the public were at a loss to say which was the genuine and which the imitation. Of course it was easy after a trial—a single sack will prove it—more lasting and more powerful heat from a few shovelfuls, hardly any ash, no clinker or rock, all these points stand out when you make a practical test in furnace, fireplace, heater or cook-stove.

This famous Nanaimo-Waddington coal is sold only by Albert & McCaffery to whom all orders should be phoned direct. Prompt delivery service given by their own teams and trucks. Their phone numbers are 416 and 564.
