Miss Alma Stewart of Vancouver is the new school teacher here. She arrived on the last trip of the Prince John.

**UNIFICATION OF NATIONAL SYSTEM**  
Winnipeg Paper Tells of Change Which Has Taken Place  
(Manitoba Free Press)  
The old railway mess has disappeared, the numerous moribund or decrepit or weak lines have vanished from the railway map of Canada and in their place is a new, coherent, coordinated and efficient transportation company whose revenues for 1923 show a surplus of more than twenty million dollars over the operating expenses for the year. What this means, of course, perfectly obvious. It means that the lines in the National system have been jacked up into real railways giving first-class service in all departments of transportation. This, at first sight, may seem to be a very gratifying result, and undoubtedly it is, but it contains implications which may not be at once apparent, and it entails responsibilities which perhaps have not been fully realized. The crux of the present problem is that while as an engineering proposition it is moving rapidly to high efficiency, financially it is a debacle.

**HE SURE FELT MEAN BUT MENDED HIS WAYS**  
Said a well known local man the other day "Well, Sir, the meanest feeling I ever had come over me was last Christmas morning. I had passed up the Christmas card idea entirely and of course was deluged with all sorts of lovely Christmas greetings from relatives and old friends. And there, I hadn't sent out a single one. I thought then if everyone had been like myself a lot of real joy would have been lost. I determined to see that nothing of the sort occurs this Christmas. I am going to dispense sunshine on the "glad morn" 'es well as receive it." Your private greeting card can be selected at Rose, Cowan & Latta's, Fourth St., from our wide range of moderate cost, and cards will be printed on day of order. Phone 234.
