Here and There

A grizzly bear barbecue will be one of the features of the Winter Carnival at Banff in February.

Ten Canadian and three United States teams have already entered for the Eastern International Dog Derby, which will be run during the Winter Carnival in Quebec, February 21, 22 and 23.

Progress and bright prospects in the development of sodium sulphate in Saskatchewan is reported by the Bureau of Labor and Industries. Sodium sulphate recovered from Saskatchewan deposits is now being used in the manufacture of glass at Redcliff.

A report of the British Columbia Industrial Commission Department shows loans to industries amounting to \$1,176,694 embracing 60 plants. Repayments have been made on principal by 55 industries. Total repayments amount to \$181,428, of which \$71,245 was interest.

For the purpose of extending Canadian trade in Greece, Turkey and the Eastern Mediterranean, W. McL. Clarke, Canadian Trade Commissioner at Milan, Italy, has been instructed to visit these countries and report on the opportunities for the sale of Canadian goods.

E. D. Calvert, noted guide and sportsman of Rainy River, who has done much towards bringing tourists from all parts of the United States to the Lake of the Woods, states that the tourist traffic this year has greatly exceeded all previous years and anticipates a greater increase next season.

United States grain shipped from Canadian ports during the crop year, September 1, 1922 to August 31, 1923, totalled 55,000,000 bushels. This meant total landings of approximately 110,000,000 bushels, as it was necessary for the grain to pass through the elevators at lake ports and at ports of exit.

Miss Marion Towne, of Berlin, N.H., who in three years since she first put on a ski, has achieved fame through her daring and graceful jumping, has expressed her desire to compete with Canada's best girl ski jumpers at the winter sports carnival in Quebec on February 21, 22, 23 and 24th, during which time she will make exhibition jumps.

Further indications that the year 1923 will create a record in ocean traffic are shown by figures given out at the headquarters of the Canadian Pacific Steamships. Bookings for westbound sailings were exceptionally large, while those for sailings to the Old Country for Christmas and the New Year were in advance of the traffic of any previous year.

The Calgary Board of Trade is taking interest in the proposal of large British interests, which involves the utilization of western straw for the manufacture of paper and other products, and is getting all possible information with respect to the development of industries. Hundreds of thousands of tons of straw are burned in the prairies every year, which it is claimed has a commercial value.

St. Jovite, Quebec, has been chosen once more as a movie location, and arrangements have been made by Conrad Nagle and Alma Rubens for the transportation of themselves, party of 17 and equipment to that place during the early winter. Last winter Lionel Barrymore and Sena Owen located at St. Jovite for the filming of "Snow Blind" prior to taking other parts of the picture around the Chateau Frontenac, Quebec, and Windermere, British Columbia.

Traffic through the Lachine Canal in 1923 showed an increase over that of 1922 in almost every particular, the total grain carried being 88,285,270 bushels, as compared with 87,831,212 in 1922, the best previous year; coal receipts totalling 813,591 tons, compared with 384,375 tons; the ship tonnage operated being 5,462,200, against 4,786,543; shipments of pulpwood totalling 356,960 tons, against 313,134 last year; the cargo tonnage being 4,411,183, compared with 4,360,323; and the number of passengers carried totalling 78,097, against 69,392 in 1922.

NEW LAMP BURNS
94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U.S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, G. A. Johnson, 595 McDermot Ave., Winnipeg, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.
