BETTER CHANCE THIS PROVINCE

James McNulty Returns from Extended Holiday Spent in South

The boom in Los Angeles and its large suburbs is still going strong but seventy-five per cent of the people there are merely living from one day to the next and are making no personal headway says James McNulty, local hardware dealer, who returned this morning on the Princess Beatrice with Mrs. McNulty and family after a four months' vacation trip which took them as far south in their own automobile as Tia Jauna, Mexico.

Roads a Factor

The fact that the district is so well equipped with splendid roads is a great factor in the big boom that Los Angles has been experiencing during the past few years, Mr. McNulty thinks. Travellers come in on their automobiles from all parts of the United States and Canada. The roads bring the people there in the winter and the weather keeps them.

Despite the attractions, Mr. McNulty says that there are disadvantages for the ordinary individual. Living costs are high, there are many expenses and wages in many cases are not proportionate although many lines of skilled labor are highly paid. The majority of the people just manage to live and keep a car. The ordinary person stands a better chance to make money in British Columbia, Mr. McNulty thinks.

In spite of all this Los Angeles is said to have a population of 1,200,00 now and people are coming in at the rate of 25,000 to 30,000 monthly.

Prince Rupert People

The McNulty's saw many former Prince Rupert people while they were motoring south and back again. E. A. Donohoe and F. W. Mackintosh are located in San Francisco. Barney and Arthur Quinn, pioneers of Prince Rupert, are in the building line in Frisco and J. W. Potter is following a similar business at San Diego. W. M. Law at Wilmington is planning the erection of a business block and Joe Roerig and Leslie Martin are in a brokerage partnership in Los Angeles. George Atkinson, formerly of the Prince Rupert Lumber Co., is located at Longbeach where also is E. C. Bainter selling insurance.

Mr. McNulty brought back with him the Nash Six automobile he bought in Seattle and on which he and his family made the trip to the Mexican border.

Baker's Caracas Sweet Chocolate

Local basketball fans will see the last basketball games of the season on Monday evening when a series of matches is to be staged by the Association to raise funds for the purpose of covering doctors and dentists' bills incurred during the past winter. A bill of special interest and one which should be productive of close contests in every encounter has been lined up as follows:

7.30 p.m.—Deciding game for the McMordie Cup, significant of Junior League championship.—High School vs. Colts.

8.15—Intermediate League — Colts champions vs. League All Star team.

9—Ladies' League — Maple Leafs, champions of Northern B.C. vs. League All-star team.

9.45—Senior League—Sons of Canada champions vs. League All-star team.

The very latest of the season's novelties among tennis players in Germany are tennis balls bearing the monogram of the owner. The initials are made into the covering, which is of rubber, at the time of manufacture, and the cost is only slightly increased. These particular balls are stitchless, and it is asserted by players that they will outclass the other balls by many games.

The winter sports competitions held recently in Chamonix, France, as part of the Olympic Games proved a success in every respect except financially. An outlay of 3,000,000 francs brought in gate receipts of only 250,000 francs. The excessive number of free tickets was responsible for this as the attendance was never below 3,000 a day. Notwithstanding the financial loss there was no disappointment because the Olympic authorities expected it. Of the fund for the winter games the city of Chamonix subscribed 2,000,000 francs, the French government half a million and the Department of Haute Savoie a similar amount. The loss is partly offset by reason of the fact that considerable improvements were made that are expected to increase Chamonix' future prestige as a winter resort.

HIS CARELESS WAYS

"When you found you hadn't your fare did the conductor make you get off and walk?" asked the inquisitive man.

"Only get off," was the sad reply. "He didn't seem to care whether I walked or sat down."—The Christian Evangelist.
