BRITISH LABOR GOVERNMENT STANDS FIRM

SPECIFIC ORDER IS ISSUED BY WOMAN MAYOR FOR CLEANUP OF SEATTLE

Battle Being Fought for Nomination of a Democratic Candidate

NEW YORK, June 26.—Governor Alfred Smith of New York was formally placed before the Democratic National convention for nomination for the presidency of the United States this morning. The name of William Gibbs McAdoo was placed before the convention yesterday. Tammany Hall leaders are backing Smith who is governor of the state. McAdoo is a son-in-law of the late president Wilson and is the choice of a large section of the south. It is possible, however, that owing to the keen rivalry between the opposing factions a more or less obscure man may be chosen.

MANY EXTEND GREETING TO WAR VESSELS

VANCOUVER, June 26.—Fifty thousand citizens of Vancouver gave the British special service squadron a welcome when it arrived in the harbor yesterday afternoon. As H.M.S. Hood, the Repulse and the Adelaide rounded Point Grey from Victoria they were met by a great flotilla of small craft and excursion steamers. Thousands of persons were occupying points of vantage in Stanley Park, the first narrows and Point Grey and shouted their welcomes. Airplanes circled over the fleet. The city's official welcome took place on the Ballantyne pier where Mayor Owen, the city aldermen and other officials read to vice-admiral Sir Frederick Field an illuminated address expressive of gratification of the citizens at the arrival of the fleet and loyalty to the empire. The city was in festive attire, flags and bunting were flying everywhere. The fleet remains here for ten days.

Forty Thousand Affected by Vote Taken Among Clothing Workers

NEW YORK, June 26.—Forty thousand workers on women's and children's clothing in New York and vicinity voted to go on strike, it was announced by the amalgamated clothing workers of America. The strike was ordered after all means had been taken to wipe out what they describe as unbearable conditions.

WILMINGTON, Delaware, June 26.—Two people were killed and a score injured when 300 houses were unroofed here last night in a terrific storm.

LEAGUE BASEBALL

National League
New York 2, Brooklyn 3.
Boston 8-4, Philadelphia 9-1.
St. Louis 3-1, Cincinnati 2-2.
Pittsburg 8, Chicago 7.
American League
Philadelphia 3, Boston 4.
Washington 3, New York 2.
Cleveland 1-1, Chicago 2-8.
Detroit 3, St. Louis 2.

It is said that while Governor Smith controls a majority of the votes of the convention, McAdoo controls enough to prevent him getting the requisite two thirds. A long drawn out battle of wits and ballots seems likely. McAdoo is suffering from his friends who were mixed up with the oil scandal.

Over twenty names are mentioned as possibilities including such prominent men as—
Senator Oscar W. Underwood of Alabama.
Senator Joe T. Robinson, of Arkansas.
Hon. S. Cummings, of Connecticut.
Willard Salsbury, of Delaware.
Mayor Dever, of Chicago.
Senator Samuel Moffatt Ralston, of Indiana.
Ex-Secretary of Agriculture Meredith, of Iowa.

Strike of Japanese Fishermen on Skeena River Ends Today and Boats get Good Catches

The strike of Japanese salmon fishermen on the Skeena River is at an end with the men accepting the terms offered by the canneries at the outset of the season. As a result, all fishermen—Japs, Indians and white men (the last mentioned of whom were not on strike)—are returning to work today and by the end of the week fishing will be on in full swing.

While only a limited number of boats operated by white men have been out so far, no general idea as to the run on the Skeena River has yet been obtained. Such boats as have been out, however, have been doing well with the high one so far taking 200 fish in a day. The run on the Naas is reported to be very satisfactory and it is anticipated that the Skeena will be also.

White House Tunes in: Row Over Prohibition Plank in Program of Democrats

The long established two third rule governing the nomination of candidates for president and vice-president was approved for retention by an overwhelming vote at yesterday's meeting of the committee on rules.

Pressing invitations from the mayor, chamber of commerce and prominent citizens of Juneau to visit that city as well have been received but it is not expected that it will be possible to do so. The acceptance of a similar invitation from Wrangell may also have to be foregone.

CALCUTTA, June 26.—Their flight around the world practically half completed, the three United States army world aerial cruises piloted by Lieut. Lowell H. Smith, flight commander, Lieut. Wade and Lieut. Erik Nelson arrived here this afternoon from Akyab on the Bay of Bengal.

The machines will be thoroughly overhauled and such repairs and renovations as are necessary will be executed here but the most important change will be the removal of the pontoons, with which the planes have flown from Santa Monica, California, and the installation of landing gears which will be used for the flight across Asia and Europe to the north of England. The flyers will necessarily spend several days here and preparations are being made to give them as elaborate a reception as the time at their disposal will permit.

Lieut. Smith, stating his opinion that the most hazardous and difficult portion of the entire venture was now behind, expressed confidence that he and his fellow officers will be able to complete their globe encircling aerial cruise with ease and dispatch.

NEW YORK, June 26.—Canadian exchange rose to 99 yesterday, the highest point it has reached this year.
