Two local trapshooting records were set up at a practice shoot on the Prince Rupert Gun Club's Park Avenue range last night when W. Holmes of Edmonton made the first perfect score of 25 ever performed on the range and Harold Nickerson shot to a score of 24 for the highest mark ever made by a local shooter. Holmes was shooting with his own gun which he recently received from Edmonton. The shoot last night was a practice for the forthcoming Exhibition week competitions. The local marksmen are meeting every suitable evening now in preparation. Negotiations are now under way to bring three teams to the city—Ocean Falls, Anyox and Ketchikan.

Football tonight, Acropolis Hill at 6.45, G.W.V.A. vs. Sons of England.

Once again this evening will be the playing of the second semi-final for the Gilhuly Cup between the Sons of England and Great War Veterans' football teams dependent on the goings of the wealthy man. Twice has the match been postponed on account of rain but it is hoped that this third time will see it finished unless the teams tie as they did before. Pending the playing of this game, Secretary Fred Roberts is leaving the schedule of games for the second half of the Stuart Shield open. If the Gilhuly Cup game is played off this evening the Stuart Shield competition will resume at once with the first game on Friday night between the Sons of Canada and Great War Veterans. There will be games thereafter on Monday Wednesday and Friday nights until the schedule is completed. On Monday next the Gilhuly Cup final will be played.

Epinard, the famous French race-horse, will race three times in America this fall. On Labor Day he will appear at Belmont Park, on September 27 at Aqueduct and on October 11 at Latonia, Kentucky, at the last mentioned place with the best of American three-year-olds and up for a \$50,000 added purse. If the French horse does what some horsemen expect it to do in the East, win the two international sweepstakes, the third race at Latonia will be the climax of the thoroughbred racing season in America. This race will be over a mile and a quarter route.

FIND DINOSAURS IN RED DEER VALLEY

History of Past Plainly Written in Fissure of Rocks Made by River

EDMONTON, Aug. 27. — Two dinosaurs have been located in the Red Deer valley this summer by the University of Toronto expedition, composed of four scientists who have been prospecting for several weeks in the gorge and are now packing up the prehistoric monsters for shipment to the Royal Ontario museum. Another skeleton has been located by the geological survey of Canada. It is likely that at least one new species will have a representative in the three sets of remains, but it will be some time before the paleontologists have examined them.

"It will take several months to mount the bones," said Dr. W. A. Parks, who is the director of the Toronto party, in discussing the find. Visiting members of the British Association for the Advancement of Science were told of the careful preparation, indexing and packing necessary to ensure safe shipment of the extinct beasts. The river has made a slit through the earth's crust, in which the history of the rocks, plants and animals of bygone days is plainly written.

Charles Neil, found guilty of intoxication, was fined \$25 in the city police court this morning.

GERMAN BEES PROSPER BERLIN.—The bee industry of Germany, which sent approximately 700,000 bees to France as part of reparations in kind under the peace treaty, is virtually normal again, according to reports of agriculturists. This has been accomplished chiefly by favorable weather conditions, and the development of queen rearing apiaries which are being operated on a larger scale than ever before.
