## ROAD TO GALLOWAY RAPIDS IS PROMISED

### SEVERE SNOWSTORM SWEEPS OVER CENTRAL STATES AND STALLS TRAINS

#### Government Will Build Road to Galloway Rapids First and Make Surveys for Going Beyond

"It is the intention of the provincial government to commence construction of the road to Galloway Rapids and while that is going on to make a thorough reconnaissance of the country between here and Terrace with a view to finding out where the road will have to go before commencing construction on the other side of Galloway Rapids." That was a statement made by Hon. T. D. Pattullo in addressing the Liberal Association last night when referring to local issues.

Mr. Pattullo emphasized the fact that he had always favored building of a road to the back of the Island and also one to the top of the mountain. He had found that there were many difficulties in the way, however. When the road westward from Prince George had been planned, it was with a view to going only as far as Hazelton. He had then told the minister of public works he would not support any such policy unless the road eventually was carried through to Prince Rupert. The ultimate object is to get through to Vancouver from Prince Rupert by road. No matter what route was taken, the minister said, they would have to go by way of Galloway Rapids. Accordingly it was proposed to build that section first and by the time it was finished they would have the road beyond located. It was useless to carry the road to Tyece if it was to end there.

**Salt Lakes**  
Speaking of the recent deal in connection with the Salt Lakes and other lands, Mr. Pattullo explained that there was an agreement between the Railway Company and the government by which certain lands on Kaien Island and vicinity were to be subdivided and the province was to get one quarter interest. Under present conditions the cost of subdivision was considered too great, so an arrangement was made by which the Government secured its land in a block. The Salt Lakes and surrounding land were conveyed to the province to be used for park purposes and eventually this would be turned over to the city of Prince Rupert. He did not think it would be wise to do it now, as in that case the city would have to pay all costs of improvement. He also did not advise that the land should be declared a public park as they could spend only monies voted for park purposes and such a vote had not been made for years. It was better, he thought, to keep in touch with the public works department here and get what work they could do rather than have the land conveyed just now.

#### TUTANKHAMEN'S TOMB IS OPEN

Stone Coffin Sees First Light in 3,000 Years—Chastely Simple in Design

LUXOR, Feb. 5.—For the first time in three thousand years the great stone coffin of King Tutankhamen, ancient monarch of the Egyptians, stood forth yesterday in all its majesty. Shorn of its protective golden shrine, the fourth casket proved chastely simple in design and as untouched by time as it is inviolate from the hands of tomb robbers. It is a specimen of the funerary art of the Eighteenth Dynasty. Four crowned goddesses of death stand at the four corners of the coffin with outspread wings to shield the dead monarch from evil forces. The figures are boldly and deeply incised.

#### FRANCE WILL NOT FALTER

Will Meet All Obligations Caused by Failure of Her Debtor, Germany

PARIS, Feb. 5.—France will honor the engagements she was obliged to contract by the failure of her debtor, Germany, declared President Millerand at a banquet here. To win victory in the Great War she had given all her sons; to maintain her credit intact she would have to give all her resources, he said. Such was the unanimous will of France irrespective of the part she shared, the president declared.

#### LLOYD GEORGE PAYS TRIBUTE

Woodrow Wilson's Name Will Go Down in History, He Says—Dreams Not Yet Realized

LONDON, Feb. 5.—"Woodrow Wilson will become one of the great figures of history," declared David Lloyd George yesterday when notified of the death of the ex-president of the United States. "Wilson, like Lincoln and other great idealists did not live to see his dreams realized."

#### MANY KILLED FROM EATING BAD BEANS

ALBANY, Ore., Feb. 5.—Seven persons are dead and three dying as a result of eating home preserved beans, which it is believed were spoiled and had produced a deadly poison known as Botulism.

had been neglected. With two more members in the north the prestige of Prince Rupert and the whole country ought to be considerably increased. This constituency now included Prince Rupert and the rest of Kaien Island, the Tsimpsen peninsula, the Queen Charlotte Islands, Porcher and Pitt Islands and a few small islands.

When in the East the minister said he had been pleased to find how the people looked on British Columbia as a prosperous province. The finances were in a sounder condition than ever and times were better than in the East. The action of the Government in developing the offshore timber business had had a stabilizing effect. Timber was the life of the north country.

**Immigration**  
Mr. Pattullo urged the value of a sound immigration policy. He would like British Columbians to raise their own mutton. They had been accused of bringing green Englishmen to the country but these men made good and their children became good Canadians and so did the children of the people of other nations. All should be welcomed here. It could not be expected that a man would soon forget his own country. He would not be a good citizen if he did. What was necessary was to instill in them the spirit of Canadianism and make the children into good Canadians. He did not believe Canada was going to the dogs. Business conditions in the country were never sounder than today and they must get away from the spirit of pessimism.

#### STORM RAGES CENTRAL U.S.

Trains Stalled and Several People Killed Owing to Driving Snow

ST. PAUL, Feb. 5.—Stalled trains, sleeted wires and snow drifted on the roads today are the result of a storm which raged yesterday and last night through the middle states. Many Chicago circuits were cut off.

At Ypsilanti, Michigan, two women in an automobile were killed. At Flint a boy was killed driving a car which was struck by a train. A man fatally injured was run down by a truck in the driving snow.

#### REBEL LEADERS ARE SENTENCED TO DEATH

Commander of Former White Army and 20 Others to Pay Penalty

MOSCOW, Feb. 5.—General Deylayev, former commander of the white army and 20 of his followers, have been sentenced to death by a military tribunal at Chian for counter-revolutionary activities in Siberia after Kolehak's defeat. Fifty seven others have been sentenced to prison.

Mahia Farha, a woman of frail physique, is able to bend iron bars while under the hypnotism of Erick Jan Hanussen who is able to inculcate her with five times her natural strength. The two are appearing on the American stage to demonstrate this unusual act.

#### PRESBYTERIANS MAKE GOOD COLLECTIONS FOR CHURCH FUND

With only 6 of the 11 canvassing teams reporting their returns, the total for the Presbyterian Church building fund last night stood at \$6,000 showing net collections of the day to be around the \$1,000 mark for the six committees. Bright and early the canvass started yesterday morning and the enthusiastic teams met with splendid results indicating that the canvass will go over with success. The objective is a minimum of \$10,000 but it is now hoped that this total will be exceeded.

#### FLOOD AT INDIAN RIVER DOES DAMAGE

Logs Carried Away, Trees Uprooted and Roadways Badly Damaged—Waters Now Subsiding

VANCOUVER, Feb. 5.—More than a million feet of high grade logs were carried away, hundreds of trees were uprooted and roadways were badly damaged by a flood which raged for twelve hours at Indian River fifteen miles northwest of here. The extent of the damage has not yet been estimated. The flood waters are now subsiding.

#### POOLING SALARIES

LONDON, Feb. 5.—The cabinet ministers are reported to be seriously considering pooling their salaries, as was done during the war.

#### NEW LAUNCH IN FORESTRY DEPARTMENT

Lella R. to be Replaced by Better Boat Suited to Rough Weather

A new launch is to be built for the Forestry Department to be used in place of the Lella R. in these waters. The boat now in use is hardly good enough to face all weathers, cruising along the exposed coast of Queen Charlotte Islands and crossing Hecate Straits. The new one that will take her place will be larger and better equipped. She will be built in some British Columbia yard.

#### PRINCE RIDES HORSES ENTERED FOR RACES

Reported that he Engaged in Formal Contest with Jockies Training at Epsom

LONDON, Feb. 5.—The Prince of Wales, it is reported, motored yesterday to Epsom downs, rode several of the horses quartered there and entered in the forthcoming races, and engaged in a formal contest with the professional jockies who are training there.

#### GHANDI ORDERED TO BE RELEASED

LONDON, Feb. 5.—The Bombay government has ordered the release of Ghandi, the Indian nationalist leader, who on March 18, 1922, was sentenced to six years' penal servitude for sedition.

#### Germany Sends Note to France Complaining of Action Toward Separatist Move in her Country

BERLIN, Feb. 5.—Germany has sent a new note to France emphasizing the heavy responsibility of France in the event of inability to meet her financial obligations.

The note complains that French support of the separatists entailed a serious infringement of the sovereignty of the Reich and the oppression of 700,000 defenseless persons.

Germany asks that the French re-establish conditions in the Palatinate of Germany according to the treaty, disarm the separatists and allow unrestricted resumption of the activities of the German authorities.

#### ALICE ARM TO HAVE BRIDGE

Work on Suspension Structure Across Kitsault River Will Start Soon

Work will soon start on the construction of the cable suspension bridge across the Kitsault River at Alice Arm. Major R. M. Taylor, district engineer for the provincial department of public works, announces. Tenders are being called for the piling and timber work, and as soon as the contracts have been let and the piling assembled, work will proceed.

The new bridge, which will be located almost at the mouth of the Kitsault River and very close to the town of Alice Arm, will replace ineffectual ferry services which have been employed for some years. It has been agitated for by the people of Alice Arm for some years and final decision to build it was reached following the inauguration of extensive logging operations on the east side of the river.

The bridge will have one central cable suspension span of 230 feet with timber decking and approaches from either end.

It is planned to have the bridge completed and ready for operation by the end of April.

#### OLIVER WILL FIGHT BATTLE

Will Defend Himself in Person Before Royal Commission of Investigation

VICTORIA, Feb. 5.—Premier Oliver will fight his own battle before the Royal Commission on P.G.E. Railway affairs, it was learned here yesterday. The premier will not be represented personally by counsel but will appear for himself to disprove the sweeping charges of the provincial party.

The Premier, it is understood, will be prepared to answer all attacks made upon him.

While the Premier and members of the cabinet are anxious to have the Royal Commission start work as soon as possible, a considerable number of legal matters must be arranged by Attorney General Manson before the investigation can open. The announcement of the appointment of the commission and its scope will be made this week, it is understood.

#### CAPITAL LEVY IS DEFENDED

Smillie Says Government Justified in Using Wealth of Unduly Rich

KIRKINTILLOCH, Scotland, Feb. 5.—Robert Smillie justified a capital levy at a labor demonstration here last night. He said he believed the labor party could justify itself in taking from the excessively wealthy people the larger part of their riches in order to consummate reforms essential to a better standard of life among people generally.

#### BRITISH ROUND WORLD FLIGHT

Planes Will Take Opposite Routes to Flyers From United States

OTTAWA, Feb. 5.—North Ottawa and Montclair will be on the route of the round world flight to be attempted by British airmen commencing about the middle of March, Col. L. Broome announces. He declared that they aimed to complete a round the world trip in 90 days. Starting from Groydon, England, the flight proceeds eastward through India, Italy, Burma, China, Japan, and Canada back to the starting point.

Union steamer Gardena, Capt. A. E. Dickson, arrived from Anyox and Stewart at 2:45 this afternoon and will sail at 5 for Vancouver and way ports.
