Located January 16th, 1924. ARTHUR ROBERTSON.

BRITISH GOVERNMENT TRYING TO INSPIRE CONFIDENCE IN WORLD

J. H. Thomas Addresses Overseas League on Aims of Britain's New Government

LONDON, April 4. — J. H. Thomas, Secretary for the Colonies, was the chief guest at the first monthly luncheon of the Overseas League, at the Criterion Restaurant. Sir Ernest Birch, chairman of the league, presided. Mr. Thomas said there never was a government that took office under more difficult circumstances than the present one. Not only was the nation impoverished, but in Europe there was suspicion and mistrust. The best they could do was to try to apply to a world problem the principles that bound the British Empire together. They saw the peoples of the great self-governing Dominions working out their own destiny, but none ever thinking of adding to its burdens for armaments because of any differences one with another. What ever difference there might be, they were content to rely upon the inherent sense of justice of each other to solve their problems. That was an example to the world. The government was trying to inspire confidence throughout the whole of Europe. They wanted to be given an opportunity to say, "We never were a warlike people. We never believe in the solution of difficulties by force, but by common sense, justice, and arbitration." They intended to try that method, and in doing it, whatever differences there might be among party politicians, he was satisfied that every man and woman and every party who loved their country would wish them God-speed in their efforts. (Cheers.)

LOOK OUT FOR THE 'FLU

Rainy, Murky Air Is Full of Dangerous Germs

HEALTH IS YOUR SAFEGUARD

Keep Well by Taking "Fruit-a-tives", The Fruit Medicine.

Hundreds of people come down with the 'Flu in March and April because they will not take care of their health.

No matter what the weather or how full of disease germs the air may be, there is no danger of Grippe, 'Flu, Pneumonia, as long as your blood is pure and clean, your nerves are steady, your bowels and kidneys regular.

The best protection against colds, grippe, 'Flu, Rheumatism, is the good health which "Fruit-a-tives" bring. These tablets, made of the fresh juices of apples, oranges, figs and prunes, combined with tonics, are just what you need as a bracing, invigorating, cleansing spring tonic.

They regulate kidneys, bowels, liver and skin—sweeten the stomach—purify the blood—and so tone up the vital organs of the body—that the whole system is also able to resist the ravages of disease.

Take "Fruit-a-tives" now—take them regularly through the wet, changeable spring weather, and your own vigorous health will protect you against the 'Flu.

TOURIST TRAFFIC IS VERY VALUABLE

Said to Have Brought \$36,000,000 to British Columbia Last Year

Tourist traffic was worth \$136,000,000 to Canada last year, and this figure may be exceeded this year, according to a return issued by the Dominion Parks Board at Ottawa. The board is engaged in making known at home and abroad the beauties of Canada's great outdoors.

This government department estimates the value of the industry by provinces as follows:

- British Columbia \$36,000,000
- Alberta 20,000,000
- Saskatchewan and Manitoba 10,000,000
- Ontario 30,000,000
- Quebec 30,000,000
- New Brunswick 1,000,000
- Nova Scotia and P.E.I. 6,000,000

Total \$136,000,000. British Columbia stands at the top of the list of provinces, and, with good roads developments, will gain proportionately more in the next few years.

Nine-tenths of the traffic represented in the foregoing was from the United States.

STEWART

Mrs. P. S. Jack and family arrived from Vancouver after a few months visit with their relatives.

Harry Zeffert is in town after completing his semi-annual shopping in Vancouver, B.C.

The Independence Mine is making good progress in getting their supplies over the crust to the mine.

The Women's Auxiliary of Stewart General Hospital held a general meeting in the office of the Crawford Transfer Co.

G. Fraser, the local druggist, made a flying trip on a double ender to the Dunwell Mine to look at the new strike recently made.

A MATTER OF TIME

The office boy wanted to go skating, so approaching the boss at noon he stammered: "If y-you p-please, sir—"

"Come, hurry up," said his employer. "If you have anything to say, say it. Don't take half a day."

"But that's just what I was going to ask if I could, take, sir."—Boston Transcript.

EXPERIENCE DOES IT

The Archbishop had preached a fine sermon on the beauties of married life. Two old Irish women coming out of the church were heard commenting on his address. "Tis a fine sermon his reverence would be after givin' us," said Bridget. "It is, indeed," replied Maggie, "and I wish I knew as little about the matter as he does."—Yorkshire Post.

ROUMANIAN RULERS ARE NOT WELCOME

Cancellation of Visit to Spain is Suggested and Belgium to Follow

BUCHAREST, April 4.—The Spanish Government has suggested the cancellation of the contemplated visit of King Ferdinand and Queen Marie of Roumania to Madrid this month. It is believed that a similar request will be made by the Belgian Government. The visit to Rome recently was cancelled supposedly as a result of friction between the two countries over the Roumanian debt to Italy.

WANT SETTLERS OF TYPE NOT HERE NOW

WINNIPEG, April 4.—A plea for the old type of settler—men who would hire out as harvest hands in the summer and do bush work in the winter, was made here last night by Hon. A. P. McNab, minister of public works for Saskatchewan. Mr. McNab wished the western provinces could yearly receive 25,000 of this type but he pointed out they could not be got from eastern Canada or the old country nowadays, as this type of work does not appeal to settlers from these parts. They can still be got from the Scandinavian countries, and we should get a yearly nucleus of such men, even if it costs money.

PLASTERER ENTERS PLUTOCRAT CLASS

TORONTO, April 4.—With a modest earning power prior to the war, the plasterer now leads labor with his wage scale and has an earning capacity greater than many members of other trades. Locally, it has approximated \$3,000 a year, but through the United States it has reached \$1,000. Those particularly skilled at the trade have still greater earning power.

One reason given for the large wage rate is the lack of apprentices due to the war.

SYNOPSIS OF LAND ACT AMENDMENTS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 2,000 feet per acre east of that line.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE. Applications are received for purchase of vacant and unreserved Crown lands not exceeding 40 acres, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES. Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES. For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company. GRAZING ACT. Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, farmers and travelers, up to ten head.
