COMMON SENSE IS THE MOST UNCOMMON

Be that as it may, it is a matter of considerable interest that more and more householders in Prince Rupert are using common sense in making comparative coal tests for themselves.

Common sense says that although many coals may be good there can be only one BEST coal—the one lasting longest, giving the greatest heat, showing smallest ash deposit and being free from rock and clinkers. We believe the public has pronounced an undeniable verdict that "NANAIMO - WELLINGTON" is the BEST. This is also proved by the heavy demand that is being made daily upon Albert & McCaffrey's stock of this famous coal. Watch our delivery wagons and be convinced that we are selling most of the coal in Prince Rupert. There's a reason. Ask the woman who burns it.

Phone 116 or 564 for a trial order. Satisfaction guaranteed. Prompt delivery.

Don't forget Albert & McCaffery are sole agents for "Nanaimo-Wellington" coal. tf

COOLIDGE LIKE SURE WINNER

Only Danger is From La Follette Who May Prevent Majority Vote

WASHINGTON, Oct. 4. — (By Canadian Press).—The possibility of big changes in the political situation between now and November is engaging the attention of keen observers of conditions. Based on the present conditions, the general expectation here is that President Coolidge will be elected, but at the same time there are new reports to the effect that Senator La Follette is strong in the west and that this strength may be sufficient to prevent Coolidge getting a majority of the electoral college vote. This would throw the election into Congress. On the basis of present surveys of sentiment, John W. Davis, the Democratic nominee, cannot be elected.

President Coolidge has considered a western trip but has been told it would be a mistake; that it would be interpreted as a sign of a Republican panic and would do him great harm. The president, therefore, will probably not go west. It is made plain at the White House, however, that he has made no final decision and if later the demands are too strong and the need too great he will go. In other words, it will depend on the outlook several weeks hence whether the President visits the west.

La Follette Strength

Meantime, reports are constantly coming here of great strength for La Follette in most of the states west of the Mississippi. Even in Iowa, normally Republican by a large vote, there is strong La Follette sentiment and some of the La Follette chiefs even say he will carry the state. The constant procession of reports of La Follette strength in the west is worrying the Republican managers. They believe La Follette will cut into the Democratic strength rather than the Republican in the east but fear the farmer vote may turn heavily to La Follette in the west.

This is the explanation of the action of the Republican organization, following conferences in Chicago, in turning loose its heaviest batteries on La Follette. Up to date, these guns do not seem to have damaged the Wisconsin Senator. Whether they will do so before November is a question.

Democratic Guns

The Democratic leaders, especially Davis, are also turning loose a barrage on La Follette. This is accepted by the La Follette people as another demonstration of La Follette's strength. The reasons for Davis' action are several. One is found in the danger that the La Follette forces will practically wipe out the Democratic organization in a few states. Another is that the present widespread talk that the race is between Coolidge and La Follette is calculated to hurt Davis. In general, the purpose is to prevent drift of Democratic votes to La Follette and to prevent what some look on as a possibility—remote but still existent—that the La Follette-Wheeler ticket will have more votes in the electoral college than the Davis ticket. This might mean the choice of Wheeler for vice-president and his accession to the presidency if the election went to the House and there was a deadlock. Were it not for the fact that Davis will get the solid south, the chances of the La Follette-Wheeler ticket standing second would be strong.

Organization vs. Enthusiasm

The powerful political organization of the Republican party when all is said and done is a great factor and it is not likely it can be beaten. On the other hand, the real enthusiasm of the campaign is among the La Follette men. They have no such well-knit organization as the Republicans but it is zealous and enthusiastic and fired with the desire to advance the progressive cause. This makes it formidable.
