C.P.R. Paying
C.N.R. Deficit.

It is stated that the C.P.R. through its taxes has to pay a quarter of a million dollars a year on the deficit of its competitor, the Canadian National. That seems hardly fair. It would seem as if the fact should make the C.P.R. anxious to help the C.N.R. to a financial condition where there would be no deficit so they would not be called upon to pay any part of it.

**Care Should Be Taken
In Making Investments.**

People who have not much money should be careful how they invest. Yet those are the ones who usually squander their small savings in such a way that they bring no returns. The big investor has experience and invests so that he gets results.

Many people with small means invest their cash just because some clever canvasser talks them into it. In ninety-nine cases out of a hundred the stock they buy is worth just the paper it is printed on. They never get any dividends and they never get their money back. It is a good policy to refuse to buy stock from any outfit that is hawking it around the country. If it were really good they would not have to do that.

There have been many canvassers come to Prince Rupert at different times but, so far as we have heard, the people who paid out their good money have never got anything in the way of dividends and the stock is not saleable.

**Take Good Advice
Before Buying Stock.**

Most people are not competent to invest their own money. Even men who have made money in business usually fritter away their earnings and seldom make wise investments. The safe thing to do is for a man to go to his banker and ask his advice. It is his business to keep in touch with business affairs and he usually knows whether a stock is likely to be worth buying. Most bank managers are quite willing to advise their clients and their advice is worth a great deal.

**Difference Between
Investment And Speculation.**

Most new companies are speculative in character. It might be said that practically all new companies are speculative. Mining ventures are speculative. All these should be entered into only by those who can afford to lose the money. Those who have little should be more careful than those who have plenty but the opposite is usually the case. Victory bonds and good stocks that are now paying dividends are usually safe. These can be purchased through any local dealer and can be sold again if the money is needed. Cash put into ventures in which travelling salesmen are implicated can never be sold unless the company gets into a position where it pays good dividends. Companies that are floated in that way have to pay large commissions for selling the stock and are handicapped from the beginning by this fact.

**Rupert People
Looked On As Easy.**

Some Prince Rupert people have made their money easily and they part with it in the same way. They are looked on as easy marks for the salesmen. Some local people have been practically ruined by the wily salesmen who have come here from the outside and loaded on them their useless certificates. Some have failed to pay their local bills because they poured their money into the coffers of the sharpers from the south. We know of many cases where this was true. Because of it we warn local people who have made a few dollars to invest it wisely and not let themselves be gulled by expert salesmen, whose one aim is to sell the stock and draw the big commissions for doing so.

The Man in the Moon

SAYS:-

THERE are two big elections going on, one in Britain and the other in the States. But what do we care? We don't have to listen to the speeches.

I'D just as soon live at a boarding house as dig the stuff out of cans myself.

THE most objectionable thing about many homes is the color of the sofa cushions.

THERE are cushions for use And cushions for show, But the ones that I hate Are all stuck in a row.

JUDGING by the sort of men girls marry, it is quite evident that love is blind.

I AM about to move a vote of censure on the editor. He has not yet advised the people of Prince Rupert to do their Christmas shopping early.

SAYS the gossip:
Oh for a thousand tongues to tell Of blackest deeds of lowest hell.

SMITHERS

C. W. Bingham who has been relieving Mr. Mitchell for the past five or six weeks at the local Government telegraph office has moved to Telegraph Creek where he has accepted a permanent position in the service. V. F. Dunn who was relieving at Burns Lake this summer is now installed in the office here and will be in charge until about the end of the month when Mr. Mitchell is expected back from his vacation.

J. D. Galloway and R. S. Sargent of Hazelton were business visitors in town the fore part of this week.

Mrs. M. E. Lynch, a former resident of Smithers has returned after residing in southern climes for the past year or so and again intends to make her home here. Mrs. Lynch is at present staying with Mr. and Mrs. W. J. O'Neill.

Again the prospects of a pleasant vacation has appealed to a couple of Prince Rupert citizens, and with this in view Mr. and Mrs. Harry Birch arrived on Wednesday morning's train to spend a few days with friends in the town and district.

Farm produce from the farms around Smithers seems to be in good demand at present, as there is a steady stream of teams hauling hay, potatoes and other products to the railway yards for shipment to outside points.

Archie B. McInnes of North Bulkley, was a business visitor in town on Monday and at the same time renewed acquaintances with his daughter Ivy who is staying in Smithers and attending high school.

There was born at the Smithers hospital on Tuesday, October 14, a daughter to Mr. and Mrs. J. Gould of Houston.

James E. Kirby, mining recorder and Registrar of the Supreme and County Courts, is again at work in his office this week after a vacation of three weeks spent in the coast cities of Vancouver, Victoria and Seattle.

The Terrace lumber king, George Little, made one of his periodical trips to Smithers on Tuesday to confer with his local manager T. A. McMartin regarding business interests here.

It is reported from the local Government offices that a tax

sale will be held next month both for mineral claims and land. Lots in Smithers village are to be included in the sale this year and there is likely to be very keen bidding for some of the parcels.

**Ten Years Ago
in Prince Rupert**

October 17, 1914.

The federal government is about to start the construction of a large lighthouse on Bonilla Island. Contract for its erection has been let to Weldon & Talbot of New Westminster. It is said that a high powered light will also be put on Triple Island where the Prince Albert recently stranded.

It is already being anticipated what will happen to Germany's possessions in case of the Allies being successful in the Great War. Alsace-Lorraine will undoubtedly be returned to France; the German colonies in Africa will be taken by England and France and the German concessions in China will be returned to Japan.

Furious storms have been raging the past day or so in the city and district. All telegraph wires are down.

ENVOY TO TURKEY

TOKIO, Oct. 15.—Japan will establish an embassy to Turkey within the next year, now that the treaty of Lausanne has come into effect through ratification of three of the four allied signatories, Japan, Italy and Great Britain. The Embassy probably will be located at Angora and is expected to advance Japan's interest not in Turkey alone, but also in Persia, Arabia and Central Asia.

TERRACE NOTES

Dr. Grant of Prince Rupert spent a few days of this week at his summer home here.

News has just reached here of the death of Ronald Ellwood, aged five, from infantile paralysis. Mr. and Mrs. Fritz Ellwood, the parents of the child, are well known, having left just recently after a couple of years residence here. They are at present on the prairies near Wainwright.

Fred Bishop has installed another engine at his light plant and the light capacity is now doubled. The station has recently been wired and Terrace should make a better impression on those passing through.

R. L. McIntosh who has been in Terrace for a few days returned to Prince Rupert on Wednesday.

Dr. Wrinch who accompanied Premier King and his party to Rupert, on Sunday, spent a couple of days in Terrace on his way back.

Mrs. Frost left for Smithers on Monday.

Rev. Rural Dean Marsh held service in Pacific Tuesday evening.

Chas. R. Gilbert left for Prince George Tuesday on business.

Fred McGregor of Ottawa, Mr. Macenzie King's private secretary, spent the week end in Terrace as the guest of Mr. and Mrs. Frank Ross.

Mrs. Danhauer, Miss Elsie Danhauer and Miss Dewar of Copper City were in town on Wednesday.

R. Harlow, roadmaster, was in town on Wednesday.

The bridge is now connected and safe though it will still be some weeks before passengers can cross.

**COURT ORDERS WIFE
MAKE ROOM FOR NEXT**

VIENNA, Oct. 16.—Vienna still struggles with problems arising from housing shortage, and every now and then some new phase of the situation draws public attention.

Just now it is the question of accommodations for divorced persons. Apartments are so scarce that in a great many cases divorced couples are compelled to go on living under the same roof. A man in such circumstances recently went to court to compel his former wife to move away as he wanted to marry again. The judge ruled she should go.

SUNLIGHT SOAP

**Less Time—
and sweeter, cleaner clothes**

NO one wants to spend an unnecessary minute at washing clothes, so wise women will use Sunlight Soap. It has a sure, gentle way of doing the wash that no ordinary soap can equal. The blend of

Nature's Finest Oils

in Sunlight cause it to lather richly in even hard water and give it wonderful cleansing power without hurting hands or clothes.

It is a pleasure to use Sunlight—the purest laundry soap in Canada.
