The Prince Rupert City Billiard League game tonight between the Prince Rupert Billiard Parlor and the Elks should be an interesting affair in view of the evenness of the two quintettes of cueists in the league standing. With four points dividing them on the aggregate of the two tournaments already played, the respective averages are 868 and 866. The result of the games tonight will likely be

WAKE UP FRESH AND VIGOROUS AFTER USING VEGETABLE SYRUP

There are lots of people here who are neither very well nor very sick, but who never really feel their best at this time of the year. And the trouble, in the majority of cases, is due to the sluggishness of one vital organ.

This organ is your liver! When working properly it aids digestion, prevents constipation and purifies the blood. When it is clogged up with impurities, it cannot do these things until it is properly cleansed and toned. Consequently you often wake up mornings feeling dull and tired, tongue coated, complexion sallow, digestion poor—often constipated, nervous and upset. You catch cold easily and your system is too run-down to throw off these ailments. You continue to

feel badly until your liver has been properly cleansed and toned. Get quick relief! Take just a spoonful of Dr. Thacher's Liver & Blood Syrup after the next few meals. Notice the quick difference in the way you look, eat, sleep and feel. This vegetable syrup contains only ingredients that are known to the medical profession for their corrective and health building properties. It is pleasant to take, and you will be completely satisfied; otherwise druggists will return the small cost.

Dr. Thacher's Liver & Blood Syrup is sold and recommended by Ormes Ltd., cor. 3rd Ave and 6th Street, Prince Rupert, B.C., and by leading druggists in every city and town.

who suffer with the guilty, from venereal diseases. So far the lamentable and costly penalties of ill-advised, ill-conceived modesty in the past, have borne bitter fruit. Knowledge is a better way. Let women, as well as men, equip themselves with it and protect the child life of the country. Social hygiene is just the science of right and therefore healthful living.

MEXICAN WOMAN IS A REGULAR FIGHTER

Lady of 21 Promoter and Boxer and Says She is Pretty Speedy in Ring

SAN FRANCISCO, Feb. 1.—Perhaps in Germany, where there are women pugilists, Senorita Carmen Lucia de la Rosa may find a match, but probably never in this country, though she appeared recently in this city, presented credentials to show she was a regular fighter in Mexico, and told promoters that instead of a suitable female opponent she was perfectly willing to tackle a man of her weight.

Senorita Carmen said she also was a promoter, and staged the recent Sam Langford-Kid Savage fight in Mexico City.

The fair boxer is 21 years old, weighs 147 and stands 5 feet 7 inches. Her nose has been brushed a bit to one side; otherwise she shows no marks of her profession.

"I'm considered pretty speedy in the ring," she said.

But local promoters could give her no encouragement, inasmuch as women are not even admitted as spectators at San Francisco bouts.

UNIVERSITY LABORITES ORGANIZE

LONDON, Feb. 1.—A Universities Labor party has been organized which will select candidates to contest every University seat in Great Britain at future elections. The leaders in the new organization are Arthur Greenwood and Professor Finlay of Manchester University, both of whom contested unsuccessfully university seats in the last election.

WOMAN IS SKIPPER

NEW YORK, Feb. 1.—Mrs. Jennie E. Crocker, master of the schooner Ruth Martin, was recently elected the first woman member of the Neptune Association of Licensed Deck Officers, between men and women and their God. Every one is vitally concerned to protect the innocent, going vessel.

AUTO INCREASES

VICTORIA, Feb. 1.—Motor vehicles have increased in number in British Columbia from 6,688 in 1914 to 39,500 last year, according to figures compiled at the Parliament Buildings for Hon. A. M. Manson, attorney general, who has charge of the enforcement of motor regulations.

Here are the figures showing the number of motor vehicles registered in this province during the last ten years:

1914	6,688
1915	7,440
1916	8,596
1917	11,639
1918	15,370
1919	25,000
1920	28,000
1921	31,000
1922	33,731
1923	39,500

This is an increase of more than 600 per cent in ten years.

THE LABOR GOVERNMENT

Brains and experience are not lacking in the Labor government which took office in Great Britain. There has been pretty general recognition that with things as they are on the continent, James Ramsay MacDonald in the foreign office might be able to do more than the Conservative government has been able to accomplish. A new fresh mind on these problems may see solutions not visible to an old and tried practitioner of traditional diplomacy like Viscount Curzon.—Manitoba Free Press.
