## FOREIGN TROOPS LANDED AT SHANGHAI TO DEFEND THEIR CONCESSIONS

### Finest Fair Ever Seen in North Will Open at Acropolis Hill Tonight

Preparations for the opening of the largest and most representative exhibition ever held outside of Vancouver are practically finished and the 1924 Prince Rupert Fair has all the earmarks of eclipsing anything previously undertaken. The official opening ceremony will be performed at 7 o'clock tonight by Fred Stork M.P., supported by Mayor S. M. Newton, when everything will be in order. The applications for industrial space in the fair building this year have far exceeded the expectations of the directors of the exhibition and the great difficulty has

### THREE NEW TEACHERS

Board at Special Meeting Last Night Decided to Augment

So great has the increase in attendance been found at the local schools since the reopening of the fall term that it has become necessary to have three new teachers. The school board, at a meeting last night with Principals Brady, Hartness and Miss Mills, decided to engage extra teachers for Booth and Borden Street public schools and King Edward High School. Applications are now being called for.

### VICTORIA, Sept. 9.—Hon. E. D. LABOR WAGES INEQUITABLE

Collart That There is Discrimination Between Departments

It is believed that a Vancouver At the city council meeting member will take the place in the last night Alderman Collart comcabinet should Mr. Barrow re- plained that while common labor was generally being paid at the rate of fifty cents an hour by the city in utilities department it was being paid 57 1/2 cents an hour. He moved that the utili-

ties committee report on this. Alderman Macdonald inquired if it was not true that married men and permanent residents.

were paid a higher rate. Mayor Newton said he understood that, payment depended

upon the quality of the labor. Alderman McMordie said he seconded the motion to refer the matter to the committee for report on the understanding that they were discussing common labor as it applied to single men in the employ of the utilities committee. He had been told that a higher rate was paid there. He did not think a higher rate should be paid in one department than that in another.

#### The motion was passed.
