FOOTBALL, BILLIARDS HUNTING

Sport Chat

In tonight's first division billiard tournament between the Great War Veterans and Grotto, the former will attempt to overcome the rather narrow margin that divides them from the Prince Rupert Billiard Parlor and league leadership. They will need 1217 points or better to do so. On the other hand, the Grotto will doubtless be out to improve its present cellar standing. The tobacconists can get further out of the hole but cannot yet lose their unenviable position unless something very sensational and unexpected happens.

The teams will meet as follows:

George Waugh (Grotto) vs. Col. S. P. McMordie (Great War Veterans).

Don Brown vs. Sergeant Jebson.

Bert Morgan vs. G. P. Tinker.

E. Pearce vs. J. Walsh.

W. J. Nelson vs. Fred Pyle.

In connection with the schedules for basketball competition at Anyox this winter, it was thought best to divide the season, the winners in the first half in each league to play the winners of the second half in a post season series. This was thought advisable in the best interest of the sport, as it will have a strong tendency to hold the leagues together, as in the event of one team getting too far behind in a continuous schedule the possibility of a withdrawal always exists. On the other hand with the schedules divided in two parts, there is a chance for every team well up to the finish of the playing.

BADMINTON CLUB TO RESTRICT MEMBERSHIP

Limit Set at Fifty and at Present There are Forty-Six

The executive committee of the Prince Rupert Badminton Club at a meeting last night decided to restrict the membership of the club to fifty. At present there are 46 members and the limited accommodation makes it impossible to cater to a larger membership under present conditions.

The treasurer reported finances healthy, the largest present expense being for hall rent and new shuttles.

A committee consisting of J. Carmichael and Bob Bartlett was appointed to arrange for a scratch tournament at an early date, all the games to be played in one day.

A greatly increased interest in the game over last year was reported. The courts in the De Luxe Hall are in use every afternoon and evening, ladies using them almost exclusively from three to five, people from offices from five to six and a general crowd in the evenings. Sunday afternoons are particularly popular.

MORE MEN INSANE THAN OTHER SEX

Various Reasons Given Why They Lost Their Reason and Went to Asylum

TORONTO, Dec. 3. — Last year there were 45 more men than women admitted to insane asylums in the province, but there are more women than men at present confined to institutions, as the men either recover more easily and are discharged, or die from their illness more quickly than do the women. These unfortunates included 14 women and 8 men who broke down under the mental worry of love affairs, 59 men and 69 women who went insane through the loss of business, money or friends, 88 men and 96 women to whom overwork and worry proved too much; five men and 16 women driven insane by religion, and five men and seven women who fell victims to fright.

hose persons so saddened by unfortunate love affairs are indeed pathetic, but in most cases are not incurable. There is a young lady in an Ontario institution who mumbles night and day because Thomas Meighan, the movie actor, does not come and marry her. Two others loathe the sight of men and scream in hatred if one approaches them.

Inmates of hospitals for the insane suffering from grandiose opinions of themselves seldom, if ever, imagine themselves heroes or heroines of the opposite sex. For instance, in the asylum in Toronto is a lady of middle age who demands homage from all who approach her, for she is the "Queen of Toronto," and a right majestic figure she imagines herself to be.

PILCHARD PROSPERITY

LONDON, Dec. 3.—Pilchards, herring-like fish that gave rise to the first British fisheries at the time of the Phoenicians, have come back to the Cornish coast in greater numbers than in many years, and brought with them prosperity to the fishing villages. They are sold mostly to countries bordering on the Mediterranean.
