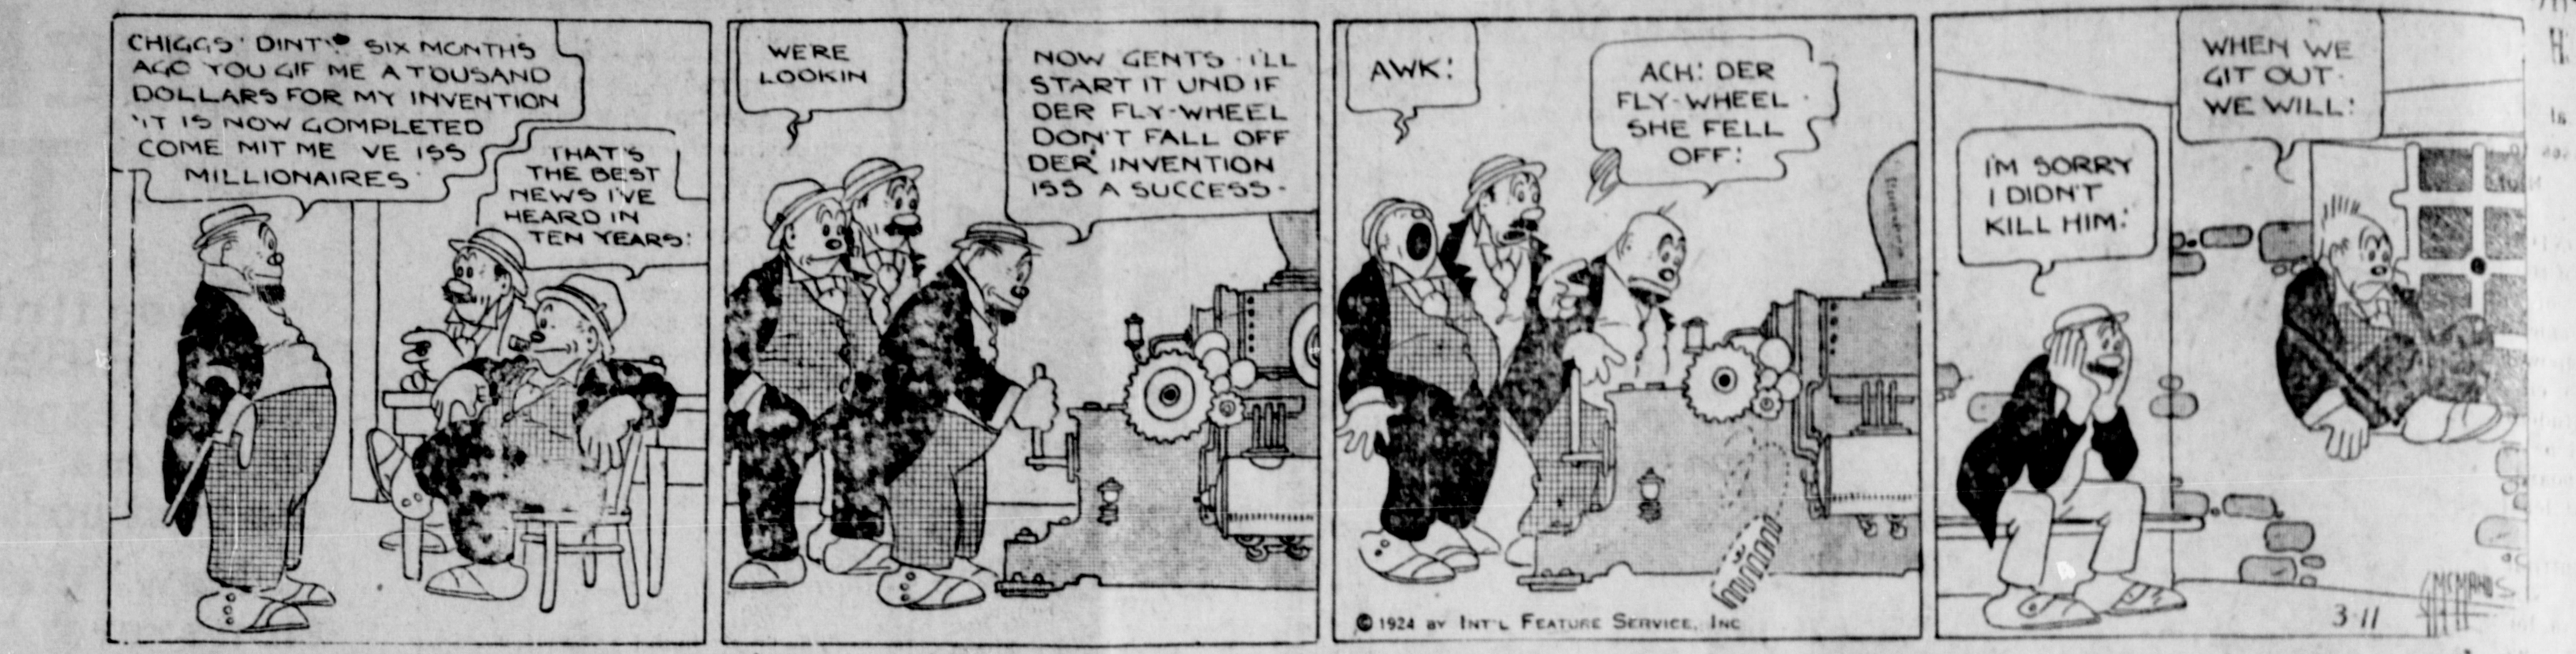
BRINGING UP FATHER
By George McManus



ANNUAL MEETING BASEBALL ASS'N.

W. D. Vance President for 1924 and R. Garrett, Secretary-Treasurer

The annual meeting of the Prince Rupert Baseball Association was held last night and officers were elected as follows:

Honorary President, G. W. Nickerson.
President, W. D. Vance.
Vice-President, Fred Gilhuly.
Secretary-Treasurer, R. Garrett.

There was some discussion as to the advisability of forming a city league to be controlled by the Association but plans along this line were not matured. There will be another meeting of the Association on April 29, and a list of all players in the city is being prepared by Howard Frizzell in the meantime.

It is hoped to get the league under way by May 15.

SITE SELECTED FOR PLAYSHED PROTESTED AGAINST BY OWNERS

A protest from Borden Street property owners representing 50 lots against the intended building by the school board of a play shed on a site west of Borden Street school was received by the city council last night. Stating that such a structure would shut off the harbor view of several houses and would be otherwise detrimental to the value of lots in that neighborhood, the request was made that another site for the playshed be selected.

Acting Mayor Collart sympathized with the protest and felt that there might be a legal case against the city if the erection of the playshed on the site proposed was permitted.

Ald. Macdonald sympathized with the property owners but felt that the provision of the playshed was a most important matter.

Ald. Perry did not see how the playshed could affect the view of fifty lots. He was in favor of the structure being built.

Ald. Evitt felt for the people of Borden Street. The value of the property would undoubtedly be lessened by the erection of an ugly shed obstructing the view.

Seek Another Site

Ald. McMordie suggested that a site below the Borden Street School might be used and moved that the matter be referred to the school board with a recommendation to that effect. This was seconded by Ald. Macdonald and carried.

Just as the discussion closed a delegation representing the property owners effected entered the chamber and left satisfied when it was explained what action had been taken. The delegation consisted of L. W. Patmore, Thomas Silversides, J. M. Campbell and J. Lorne Maclaren.

WRIGLEYS

Chew it after every meal

It stimulates appetite and aids digestion. It makes your food do you more good. Note how it relieves that stuffy feeling after hearty eating.

Whitens teeth, sweetens breath and is the goody that lasts.

ALL WILL AID BALLOON RACE

Telegraphic Messages to be Dropped Attached to Red Streamers

SAN ANTONIO, Texas, April 23.—The seven pilots and their aides in the National Balloon race to be held at Kelly Field April 23, will be provided with letters from United States diplomatic officials to officials of the Canadian and Mexican governments that will assure them every courtesy and assistance from those countries should a landing be made outside of the United States.

Every official and balloonist is expecting a new record to be established and in order to provide for any eventuality arrangements have been made with adjoining governments to co-operate in assisting the airmen to return to their home country.

Detailed Log

Each balloonist will keep a detailed log of his journey, including also the flight and the landing. He will be furnished with blank telegraph forms which will be dropped overboard with a request that the finder send them to race headquarters.

The messages are attached to a red streamer two yards long, on back of which appear these instructions:

"To Finder: The message on the other side is from one of the balloons in the National Balloon Race which started from San Antonio, Texas, April 23. Please send it immediately so that friends of the crew may get news of their whereabouts. If the blanks have not been filled out by the pilots, please fill them out yourself, putting merely 'high' or 'low' for altitude."

Another feature of the race is that the gas with which the bags are to be inflated is to be a combination of hydrogen and natural gas in definite proportions, rather than coal gas or the product of a gas plant.

New Kind of Gas

The strength of the rigging of the balloon is designed to carry a maximum weight. The lift of the natural gas used to carry this maximum weight must be approximately 45 pounds per 1,000 cubic feet, officials say. As the natural gas of the San Antonio fields has a life of only about 31 pounds per 1,000 cubic feet, it is necessary to increase this lift approximately 14 pounds in order to utilize the maximum carrying capacity of the balloon. This will be done by mixing pure hydrogen which has a lift of 71 pounds per 1,000 cubic feet.

GOLF LINKS PROPOSED FOR ALICE ARM FLATS

ALICE ARM, April 23.—There is a proposal afoot to construct a short golf course on the flats here. S. F. D. Roe has been trying out the course and declares it quite possible of development. He is a devotee of the game and many others would take it up if a course could be prepared.

Sport Chat

With all this unusual April-end snow and freezing point weather, fans who are expectantly awaiting an early opening of the outdoor athletic season are beginning to wonder if hockey or something else like that will not be the next great thing on the program. About all they could do the last few days has been to throw snowballs at each other. However, the present spell will soon pass and then we shall likely be into balmy spring with conditions all ready to get football, baseball and lacrosse under way very soon.

◆

The Vanderhoof Baseball Club has elected 1924 officers as follows: President, R. H. Moore; vice-president, J. B. Armishaw; secretary, S. E. Dally; manager, Warren Johnson. The executive members of the club to be representatives to the Vanderhoof Athletic Association will be the president and vice-president. Vanderhoof is looking forward to having many baseball encounters this season with Prince George and other district towns.

◆

The Drake Relay Carnival, established at Des Moines, Iowa, fifteen years ago with only a handful of athletes in competition, has had such growth that the event this year promises to attract a record breaking list of 1,500 track and field stars, representing more than 100 leading universities and colleges in the west and mid-west. The relays will be staged in the Drake Stadium April 25 and 26—the same time as the Penn relays are held in Philadelphia. Performances will be watched with interest because many of the entrants are out to represent America in the Olympic games. individual stars of world record fame who will compete include Charless Paddock, joint world's record 100-yard dash holder; Dean Brownell, holder of the world's pole vault record, and Charles Brookins, world's champion low hurdler.

COLLECTION OF MAIL EVENINGS

Morning Collection to be Omitted in Future: Four New Boxes Put Up

Commencing today the Post Office will omit altogether the collection of letters from the boxes in the morning but will instead put on a late collection, thus giving better opportunity for people to mail letters for the southbound mails. There will now be two collections a day, one in the afternoon and the other in the evening. Sundays letters will be collected in the afternoons only.

It was found by the postmaster that the morning collection was not used to any extent except for circulars and such matter. There is instead a demand for an evening collection.

To cope with the increasing business, four new boxes are being put up today. One of these goes to the Provincial Government Buildings, one at the corner of Graham and Atlin Avenues, one at Eleventh and Sherbrooke and the fourth at Eleventh and Conrad. Following is the complete schedule of collections:

Collection Schedule

	P.M.	P.M.
Graham & Atlin Aves.	4.15	8.15
1st Ave. & Eighth St.	4.20	8.20
