GLORIOUS GLORIA SWANSON

— in —

Adapted from Alfred Sutro's famous stage success, "The Laughing Lady." The picture that makes an open book of society's innermost secrets. Sh! Do'nt tell a soulwhat happened to Marjorie Colbert. It's a society scandal. Society isn't easily shocked, but the Colbert affair rocked it like an earthquake. Come and see why. See why they call her "glorious." If you miss this triumph of triumphs, it will be another scandal. Wonderful gasp-provoking gowns. Classy settings. A superfine Swanson, a superlative story, a superb cast and superior direction. Rod La Roque, Allan Simpson, Yvonne Hughes and many distinguished others.

For hard water washing use Sunlight!

OU will find that Sunlight quickly softens the water as no other product can do. The dirt in your clothes will be easily dissolved by the natural cleansing oils in Sunlight, and you will not be annoyed by the dirt floating on the surface and clinging to the clothes as you remove them from the wash. Sunlight Soap is equally successful in hard or soft water.

According to word reaching the city, the Big Missouri mine in the Salmon River Valley near Stewart has been bonded by New York interests represented by George H. Collins, formerly of Prince Rupert. An active de-

velopment program is planned.

The Big Missouri for some 10,000 pounds at 14.1c and 8c, time was held under bond by Trites & Wood of Fernie, the property only recently having Goney, 8,000 at 14.1c and 8c. been given up by them when a to the Booth Fisheries Canadian higher offer was made by the new concern at the time of bond expiry.

The Big Missouri is located up the Salmon River Valley beyond the Premier Mine. Rich showlings have often been reported from it and it has been generally considered as one of the coming mines in the Portland Canal Canadian Delegate to British district. Transportation has been difficulty which, however, could be readily overcome if the merit of property warranted it.
