Alaska Has

Fine Museum.

Today we are publishing an article descriptive of the museum and historical library of the territory of Alaska at Juneau. It seems to be a very important institution and is constantly being improved by the addition of more specimens, tertainments and now he says he received, mostly from interested After some years it should become a credit to the territory.

British Columbia's provincial museum was also started in visits Araby. a small way by the Natural History Society of British Columbia located at Victoria, the members of which gave of their time and talents to secure the establishment of the institution.

There is much in common between Liberal and Labor although Liberals do not stand for extreme radicalism. The situation is an interesting one but the wiser prophets seem to intimate that the session will pass off without any breakup of the forces that now hold control.

Millions Of Broadcasting Stations.

There are millions of broadcasting stations in the world. G. A. Rix, Rev. W. E. Collison, R. Every individual is broadcasting all the time. He is sending out L. McIntosh and Capt. E. Indigestion

The most discouraging feature of nervous indigestion is the fact that it does not tend to right itself. The nerves continue to grow weaker and weaker because the digestive system is not supplying proper nourishment and the digestive system fails for lack of nerve force.

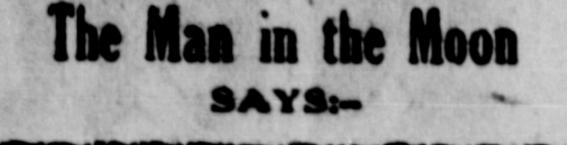

The nerves must be restored by some other means and this is where Dr. CHASE'S NERVE FOOD comes to the rescue.

It revitalizes the wasted nerves and builds up the nervous energy which is essential to the healthful working of the digestive system.

You will notice that while the price of Dr. Chase's Nerve Food has been increased to 60c. the box now contains 60 pills instead of 50 as formerly. Likewise Dr. Chase's Kidney-

Liver Pills are 35c. for 35 pills, instead of 25c. for 25 pills. Edmanson, Bates & Co., Ltd., Toronto.
