Gulbransen Trade Mark

At the End of a Day

As the roll unwinds, music works its magic. Gone are the cares of a work-a-day world. A dear old tune touches the chords of tender memory—brings back boyish dreams—stirs the fires of inspiration.

Whatever your mood as you sit down before the Gulbransen registering piano you find it sympathetic, responsive. For it is as ready to reflect the exuberance of youth in the latest and gayest of popular tunes as it is to free the majestic music prisoned in the score of a composer's masterwork.

We invite you to our store today and try the Gulbransen registering piano. A few moments will reveal the pleasures it offers. We will gladly explain the advantages of its many exclusive features.

UTILITIES IN PAYING SHAPE

Electric Light Surplus For 1923 Estimated at $17,000—Telephones, $11,000

Ald. Macdonald, chairman of the utilities committee, announced to the city council last night that the surplus of the electric light department for the year 1923 had been estimated at $17,000 and the surplus of the telephone department, $11,000.

Ernest Love, superintendent of utilities, in his report for December showed an estimated revenue in the telephone department of $3,700, expenditure of $3,017.76 and surplus of $682.24. The estimated revenue of the light department for the month was $11,400, expenditure $6,590.22, and surplus $4,809.78.

STIRRING SPEECH BY SIR HENRY THORNTON BEFORE EASTERN BOARD OF TRADE.

(continued from page one)

towards the alleviation of the burdens which now weigh heavily upon the taxpayers of the country.

No Reductions

"There is much talk about reduced freight rates" said Sir Henry, "but two and two don't make six and I want to say to you that there can be no reductions made in the gross earnings of the Canadian National Railways if we are to increase our net receipts. If the people of Canada want reduced freight rates they can have them. But a price will have to be paid. If they do not want them, we can constantly increase our net earnings and the day will not be far distant when the railways shall no longer be a burden upon the taxpayers of the Dominion.

"The C.N.R. I regard as a child brought into the world by one government and fostered by another. And as far as I am concerned I regard myself as merely the nurse to that child. I am quite indifferent to its parentage. The success or failures of this railway system should not be the sport of politicians or the football of politics. It belongs to the people and to no political party, and that party which plays with it will be playing false to the mandate of the people. Irrespective of criticism or of assault, the present administration hopes to run the railway for the benefit of all the people and for no particular section whatsoever. When the day comes that this cannot be done I will have nothing further to do with the property. Any other policy would be one of suicide, perhaps it may be just as well for me to refer to this in view of events that may come upon us before the year is out."

A strong plea for the prosecution of a sane and aggressive policy of immigration for the Dominion will be put forward by Sir Henry. In dealing with one of the several phases of the railway problems, this problem of new settlers like other problems must be grappled with in a courageous and common-sense manner, he declared.

Made to Pay

"We've got the Canadian National Railways, they are looking up. We've got the Canadian Government Merchant Marine. It can be made to pay. We've got the Dominion of Canada, fairly aching for immigration.

We've got everything in Canada a nation can want. We can do big things with all of them if we will only pull together. We must forget and forgo religious prejudices, sectional pride and all those things that are merely monkey wrenches in the machinery. A great heritage is ours if we will only handle it with common sense and courage. Let us hold fast to our religion in good and take our courage in both hands and we will make of Canada a nation of which our children will be proud."

Before opening his address, Sir Henry presented a bronze medal and a certificate of the Royal Canadian Humane Society to a conductor and engineer of the C.N.R. for life saving. Conductor C. Fred Browning received the bronze medal for promptitude and courage in the rescue of Mrs. A. D. Grainger from death at Coteau Jct. in November 1922. Engineer Donald Ross received the certificate.

Sir Henry was accompanied by Mr. S. J. Hungerford, vice-president in charge of operation and construction and other officials of the system.

Visits were paid during the afternoon to various industrial plants and entertainment was provided by the Brockville Business Men's Club.

Mrs. J. B. Colthurst of Terrace, who has been on a brief trip to Vancouver Island, returned to the city on the Princess Mary last night and will leave on tonight's train for the interior.

A SEVERE ATTACK OF HEART TROUBLE

Was Relieved By MILBURN'S Heart and Nerve Pills.

Mr. S. E. Barnes, Athens, Ont., writes:—"Four years ago I had a very severe attack of heart trouble. I consulted my doctor; he treated me for some time, but I only seemed to be getting worse. I finally went to our druggist and purchased three boxes of Milburn's Heart and Nerve Pills and derived immediate relief from their use, and I can truthfully say they are a wonderful medicine. I always keep a box on hand, and if I feel out of sorts I take a few pills and feel all right again."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
