WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVER IS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N.B. writes: "I have been troubled with my liver for a long time, and was so bad I could not do any work. I had severe pain in my stomach that was so bad at times I could hardly stand them. My tongue became coated; I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy or yellow complexion. I had read a great deal about MILBURN'S LAXA-LIVER PILLS and decided I would try a box, and after taking three of them I was greatly relieved and felt more like living, and I can now do my own work without any trouble."

For sale at all druggists and dealers; get up only by The T. Milburn Co., Limited, Toronto, Ont.

ANGELICAN BAZAAR AT TERRACE SUCCESSFUL

Over Two Hundred Dollars Raised by Auxillary of Church from Sale

TERRACE, Dec. 10. — The Women's Auxiliary of the Anglican Church held a most successful bazaar Saturday afternoon, the proceeds passing the \$200 mark. There were all kinds of gay work bags, aprons, night-gowns, camisoles, luncheon sets, collars, etc. A unique feature were numerous paper baskets, resembling reed work, of all colors and shapes, the work of Mrs. J. Jones.

The home cooking table was laden with delicious cakes, cookies and buns of all kind, with jars of fruit, dainty salads and puddings at intervals. The candy table with its large variety of home made candies temptingly displayed brought generous returns.

Do You Know?

THAT if you neglect the minor signs of stomach distress such as gas, pain, sour-burning stomach, bloating, belching, and after-dinner misery, you are condemning your body to years of chronic stomach trouble. To avoid this, try Dr. Williams' Pink Pills, which will quickly relieve all stomach misery.

Here and There

Rez Beach, the eminent American author, was recently in New Brunswick as a guest of W. G. McIntyre. On leaving for his home in the United States at the conclusion of his visit, Mr. Beach expressed himself as a strong booster for the hunting and fishing possibilities of the province, charmed with its scenic beauties, delighted with its people and solemnly proposing to return with his gang next year.

The largest and one of the most valuable shipments of foxes ever to pass through Montreal, Que., by Dominion Express Company, was handled by that organization recently. There were 35 animals in the shipment, valued at \$17,000, 30 being silverblack foxes and the rest black foxes. The former were destined for exhibition at Minneapolis, while the latter went to different points in the Canadian West.

The Eastern International Dog-Sled Derby, which was so successful last year, will again be held at Quebec in 1925, the dates set being February 19th, 20th and 21st. As on former occasions, the distance to be covered will be 120 miles, at an average rate of 40 miles a day. Earl Bridgman, Le Pas, Manito, now holds the hands-on trophy awarded for the race and is expected to defend his honors. Teams are already working up.

A decided acquisition to Trois Rivieres, Que., is the new Canadian Pacific Railway station, which was opened there on November 8th. The building is Italian in design. Roy and Macdonald of Montreal, were the architects. Remarkable speed was made in the construction of the contract for the work was only signed on June 2nd last. The opening ceremony was performed by Grant Hall, vice-president of the company, in the presence of many notables.

Three moose and one deer was the total bag of W. B. Leeds Jr., young American multi-millionaire, and his friends, Nils Florman, Albert Hopkins, Paul Smith and Mortimer Davis Jr., as the result of their recent hunting trip into the Kipawa district. The leader of the party expressed himself as delighted with the results, as he had not hoped for such luck. Great quantities of game of all kinds were seen.

That the Land of Evangeline (Nova Scotia) now ships over 2,000,000 bushels of apples abroad annually was the recent statement of F. G. J. Comeau, general freight and passenger agent, Dominion Atlantic Railway. A number of British apple growers and buyers are at present putting large tracts of land under fruit. With the apple growing industry increasing from year to year, at the rate of two to three hundred per cent per decade, only twenty per cent of the orchard land available in the province is yet under fruit.

Perhaps the most remarkable, certainly the first aerial stowaway in history was discovered by Pilot Caldwell of the Laurentide Air Service, operating in the neighborhood of the Rouyn gold-fields, the other day. Caldwell, on rising for a long flight, found his machine so badly balanced as to be almost unmanageable. Cigarette butts and other clues led to the uncovering of the extra weight, which turned out to be a miner. As the man had taken this cheap but decidedly dangerous way of reaching civilization in order to see his sick wife, he was not detained or punished.

cuss industrial and every other form of progress says a Victoria paper. Until our population in British Columbia is twenty millions instead of half a million they will be asleep to their own interest who fail to keep up even an encouraging whistle.

In considering what is necessary to be done and how we shall set about it, however, every thinking British Columbian should do a little bit of accounting and see how the provincial balance sheet, or what it reveals, concerns the future. No student of economics, for instance, will shut out from his vision some items of our expenditures and

their meaning. In six months British Columbia has spent \$5,777,500 in liquor. The greater part of this amount has gone out of the country and will never return. This season, covering a shorter actual period, British Columbians wagered \$6,397,365 on race tracks. In the strict pecuniary sense this does not mean that this amount is a dead loss. Opinions will differ as to what its use in such a manner will have had upon the structure of society and economics as a whole. Last year British Columbia imported cattle and beef, butter and cheese, sheep and mutton, swine

and pork, to a value of \$8,822,949. British Columbia money could have been utilized in the production of these necessary foodstuffs in British Columbia. Economic benefits which would have been reaped by that self-feeding business would have been sufficient to have started us on our way towards a condition which we should be the exporter, not the importer, in respect of these important commodities. These are some of the "little" details which ought to be considered by those who are for ever crying hard times and never turn a thought to consider how present conditions could be consid-

erably improved, and our population started towards the point which it must reach, if this Province is to fulfill the destiny which forms the theme of so many post-prandial discourses.

LAND AUCTION

Queen Charlotte Island Land District, District of Prince Rupert. Take Notice that I, Samuel Simpson, of Massett, B.C., occupation fisherman, intend to apply for permission to lease the following described lands: Commencing at a post planted near the southeast corner of Massett Island, and thence 5 chains to low water mark; thence following low water mark in a northwesterly direction a distance of 80 chains (1 mile); thence westerly 5 chains; thence southerly 80 chains (1 mile) to post of commencement and containing 15 acres (more or less). SAMUEL SIMPSON, Applicant. Peter Keay, Agent. 9th September, 1924.
