FINE DISPLAY MANUAL ARTS

Domestic Science Work of Girls Shown at Booth School Yesterday

GOOD WORK OF BOYS

A great many visitors attended in the lower part of the Booth School yesterday afternoon to view a splendid exhibit of domestic science and manual training work done by the pupils of the public and high schools under the superintendence of Miss Elsie Harding and D. Ross respectively. Tea was served by the domestic science girls under the presidency of Miss Evelyn Dalby, with Miss Mary Walters secretary. The rooms were very tastefully decorated for the occasion, the arrangements being in the hands of a capable committee.

The proceeds of the sale amounted to $82.00.

In the tea rooms were stalls at which candy and home cooking made by the girls were sold, the money to go toward a fund for the furnishing of the dining room.

The dressmaking department was the one that attracted most attention. It looked like the show room of a ladywear store. The dresses adjudged the best were displayed around the walls or on the tables. All sorts of work was seen, the product of many enjoyable hours of planning and serving. The training to the girls is invaluable and the amount of work produced is really wonderful. The exhibit this year is the largest ever shown here and it is a pity more people could not have seen it.

In connection with the booths in the tea room, the girls in charge did their own decorating and the results were excellent. The candy, sewing and home cooking stalls being particularly commendable. The girls in charge were:

Booths

Candy—Convenor, Jean Grieve; assistants, May O'Brien, Doris Gandow.

Sewing — Convenor, Kay Ennyu; assistants, Nellie Wilson, Hilda Olafson.

Tea room — Convenor, Ruth Dutton; assistants, Mary Walters, Olive Gordon, Helen Nucich, Lois McRae.

Home cooking—Convenor, Virginia Riel; assistant, A. Spencer.

Exhibits— Evelyn Dalby, Mary Walters, Ada Minzgohr, Mary Dowther Rhoda.

Decorations— Convenor, Lucy O'Brien; assistants, Dorothy Deane, Swana Olafson.

Woodworking Department

In the manual training department excellent work was seen, the feature being the dining room set being built by the boys of the second year High School for the domestic science department. The six chairs had been completed, the upholstering being done by the girls of the same class. The frame of the table and the almost finished sideboard were there and, when completed, they will be a permanent memento of Mr. Ross' regime and a credit to the lads who did the work.

In this department boats are featured. This being a seaport town the building of model boats is particularly appropriate. One feature that attracted attention was the design of a cruiser type motor boat made by Jimmie Donaldson of the first year High School. This young man has evident marked ability in the work. The boys who are making the furniture set are Norman Kinslor, Henry Heilbronner, Arthur Cade, James Parker, Iso Katsuyama, Yoshi Katsuyama, Clarence Thompson and Arthur Cameron.

LATEST SPORT ROPING BEAR

Three Presented to Cy Arnett the Other Night; Captured on 2nd Ave.

The latest out-door sport in the city is bear hunting without firearms and the originators of the game met with considerable success on Wednesday night when three fine specimens of black bear were captured on Second Avenue in the vicinity of "Goldie" Goldbloom's store. Just how many hunters engaged in battle with the monsters is not known but it is conjectured it took at least three mighty nimrods to capture the triplicate bruins, allowing one man to each bear. It seemed easy enough to make the "kill" but the feat accomplished, the next problem was what to do with them. Knowing Cy Arnett's fondness for wild game, one of the party suggested that Cy might like to look them over but, being rather late in the evening, they did not care to arouse him from his well earned slumbers.

The hunters, however, determined that the dredge magnate should see the fine specimens of the chase so they decided to leave the three bears outside Cy's bedroom door. Upon Cy going out of his room in the early morning to get a drop of shaving water, and confronting the three beasts standing upon their hind legs—well Cy didn't need the shaving water after all as the whiskers popped back into his face with alarm.

Sport Chat

Assertion in a sermon by the Bishop of Peterborough, Dr. C. C. B. Bardsley, that football players in England were "bought and sold almost like slaves," has stirred up a hornet's nest among Old Country sportsmen, who have rushed into print to deny the clergyman's contentions. The bishop, preaching at Leicester, said he regretted the extension of professionalism to football "which has done an awful lot to ruin our games." To this he added: "I seem to see football players being bought and sold almost like slaves, and human machines trained as gladiators. It is the ruin of club patriotism. Football is too great a game to be spoiled in this manner." A. J. Darnell, of Northampton, president of the Southern League, among others, replied to the bishop, maintaining that the statement comparing the tranfer of football players to slaves was all "nonsense." "A player is a free agent," said Mr. Darnell, "and he may refuse or accept an offer as he sees fit. He receives, if transferred, a substantial proportion of the transfer fee, and it invariably means his promotion to a higher class of football."

Professional football players in England receive between $30 and $40 a week throughout the year.

League football will be resumed next Monday night with the opening game in the Mobley Cup, city championship series, between the Sons of England and the Canadian Fish & Cold Storage Co. The latter aggregation will make its first appearance of the season except for the match last Saturday with Claxton when it was badly beaten. That defeat, however, is not regarded by supporters of the team as any indication that they will not be able to take care of themselves in the league. In fact the boys from Seal Cove present a collection of soccer material that should give a good account of itself. The second soccer game next week, Thursday night, will be between the two other teams in the league—Veterans and Callies, the latter winners of the Stuart Shield.

The Sons of England announce the following line-up for the opening Mobley Cup city league football game on Monday against the Canadian Fish & Cold Storage Co.: Hattie; R. Howe and G. Kelsey; Dr. Tait, A. Bales and F. Hodgkinson; J. Farquhar, A. Dickens, J. Johnson, H. Hanson and G. Howe.

HER FACE WAS COVERED WITH PIMPLES

SHE GOT RID OF THEM BY USING

BURDOCK BLOOD BITTERS

Miss T. Hunter, R.R. No. 8, London, Ont., writes:—"I wish to recommend Burdock Blood Bitters to all women who are suffering from pimples or any other facial blemishes. About two years ago I was greatly troubled with pimples and sores breaking out on my face, and could get no relief until, finally, a friend recommended me to take B.B.B. This I did, and I am now glad to say that your remedy has given me the desirable results, and I now have a nice smooth, clear skin, as it has eliminated all the impurities from my blood."

Get B.B.B. when you ask for it; it has been on the market for the past 46 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.
