

## PEPPY HOCKEY AT ALICE ARM

Anyox Won But Only by a Goal After Seemingly to Have Everything

ALICE ARM, Feb. 18. — The second game of the Anyox-Alice Arm hockey series, which was played at the Alice Arm rink Sunday, could very well be entitled the story of the lost battle regained, or something to that effect. To be very exact, it was not actually regained, but it was recouped to within one counter of tying the score, which same recouping looked pretty good to an Alice Arm fan when it is known what the score was at the end of the first period. With the help of two fans who were also counting, the scorer managed to tally the goals as fast as the boys from the smelter town made them. But he was kept busy and had visions of the efficiency of an adding machine, when the referee blew his whistle for the end of the period and a breathing spell ensued. The score stood seven for Anyox and nothing for the Alice Arm Stars, which was not bad for Anyox. For the balance of the game no adding machine was required. In fact the assistance of neighbors was not needed. During the intermission a little shifting around was done by the Alice Arm team. Warner, who usually plays airtight goal, discovered that this was his unlucky day, and he was shifted out on to the ice, and Billy Wells, late of the ice fields of Nova Scotia, was placed in goal. And with the beginning of the second period is where the recouping starts in. During this period the Alice Arm Stars found the puck for four goals, while Anyox only landed one safely.

The third period was full of action of the kind that the fans like. There was hard playing, and plenty of stiff checking of the "you spill me I spill you" variety, but it was the Alice Arm Stars' battle. The end of the period score showed three counters for Alice Arm, while Anyox

Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house.

**WRIGLEY'S**

failed to find the net. The teams were:

Alice Arm—Wells, Warner, A. Falconer, T. Falconer, Kergin. Anyox—Peterson, Beaulin, Ployart, Moody, Willson.

Referee—Cummings.

Score—8 to 7 in favor of Anyox.

## HOCKEY AT SMITHERS

Two Teams Will Play Again to Decide Which Shall Give Hospital Sack of Flour

SMITHERS, Feb. 18.—Another interesting game of hockey was played at the local rink on Monday night when teams selected from the third and fourth blocks on Main Street worked and tussled for sixty minutes to the limit of their endurance and then stopped with the game a tie—four all. Arrangements are under way, however, for another game, this being necessary to decide which team is to buy a sack of flour for the hospital as well as to loosen up some of the kinks the players were troubled with the next day.

Cliff Warner refereed the game, but as all the players were in a happy mood he did not have a very strenuous time, his greatest trouble being in keeping Harry Robinson from loafing offside, but as Harry was carrying more weight than the other players he had an argumental excuse for not hurrying back to his own end of the rink.

The teams had not selected names but those representing the Third Block were: Geo. Wall in goal, Harry Birnie, Stuart Campbell, Bill Doodson, Harry Robinson, Edgar Harris, and Larry Warner.

Representatives of the Fourth Block were: H. Welch in goal; D. F. Hall, R. Mutch, L. S. McGill, Geo. Heffernan, Tom Brewer and H. G. Windt.

## ST. ANDREW'S TAKE SECOND PLACE IN BILLIARD LEAGUE

Defeated Cold Storage Team by Aggregate Score of 730 to 613 Last Evening

The St. Andrew's billiardists jumped into second place in the second division contest last night when they defeated the Cold Storage team by an aggregate score of 730 to 613. The St. Andrew's are now 64 points behind the Billiard Parlor and slightly ahead of the Grotto in the aggregate league standing.

Individual scores last night were as follows:

M. Andrews (St. Andrew's), 144; J. May (Cold Storage), 150. J. A. Allan, 150; H. Parr, 115. M. M. MacLachlan, 150; Geo. Kelsey, 101. S. D. Macdonald, 150; A. S. Bales, 97. Joe Brown, 136; S. Darton, 150.

League standing to date follows:

Games	Ttl. Av.
Billiard Parlor	9 6362 707
St. Andrew's	9 6278 698
Grotto	8 5561 695
G. W. V. A.	8 5175 644
Cullies	9 5609 623
Cold Storage	9 5568 619

## Sport Chat

It is to be hoped that the effort being launched by the Fair Board this year with a view to having that eyesore of long standing—the well known rock-pile—removed from the Acropolis grounds, will bear fruit. For many springs past the idea has been mooted and one year it got as far as having some unemployed put on the job to blast out pieces of it. However, about all that was accomplished that year was to have rocks hurled on to the grounds which proved a nuisance all the early part of the season. The rock pile still remains. The Fair Board will be assured of the support of all

# The Iron Pots of Gondricourt

JUST after daybreak a traveler along the narrow byways of a small French village can see the housewife beginning her day. Through the open doorway her fireplace glows like a forge. A heavy iron pot, which she has filled with water from the town pump, is lifted and swung upon the crane. At the other end of the village, perhaps, runs the little stream where she washes her family's clothes upon the rocks.

Throughout the village life of much of Europe, such pictures are multiplied by thousands. Quaint, to be sure, but what grinding and incessant toil these primitive household arrangements mean!

In contrast to this, even the remote districts of Canada boast comfort unknown to the rural life of other countries. Conveniences are found that could not be duplicated in any save the wealthiest city homes of foreign nations.

Adequate heating systems, the farm lighting plant, the washing machine, the vacuum cleaner, the telephone and numberless labor-saving devices have lifted modern life in Canada to unprecedented levels of comfort and ease.

To a large measure this has been due to advertising. Advertising has familiarized all of us with new inventions. Advertising has made possible the wide distribution of new products. By increasing sales, advertising has reduced the price of modern household utilities to the reach of the modest purse.

By reading advertisements we keep abreast of modern progress

the sports organizations in the city in its efforts in this direction and a united front should be put up to the city council right now to have provision made before the estimates are passed for financing the work either in toto or partly. There are so many reasons that the rock pile should be removed that it is unnecessary to recite them here. The most important one is, that it restricts the scope of the field for the playing of games and often, we think, his cash in putting things over that have tended to make the exhibitions more successful. He should make a popular and effective fair president and, certainly, he has earned, if anybody ever did, any little honors that may go with the job. After all we would venture to predict that the main thing he will get in connection with the office will be a lot of hard work, the like of which he has been so successful in managing in the past. Attaboy Ben!

A permanent grand stand, which the Fair Board also proposes to have built this year, would also be a great enhancement to the field. It is indeed a country town where a grand stand is not an adjunct to any sports ground particularly where money is taken from people to witness games. In Prince Rupert, where there are so many chilly winds and often gentle drizzles when games are in progress, there certainly should be a grand stand for the comfort of spectators. Just how the work is going to be financed we cannot suggest as they say that the football and baseball associations never made any money. If, however, it is worth two bits to see a game under present conditions it should be worth a little more with proper stands and an extra charge might be made as a temporary expedient. The fans, as a whole, would probably be very willing to pay for it. The city might also be expected to help in this way too but nobody wants to impose too much of a burden upon it and, if it does its share towards the removal of the rockpile, that might be enough to be expected of it for one year. It would be a good
