DREDGE IS RAISED AND STEAM IS UP

Monday's Gale to be Brought to Dry Dock for Repairs

The Prince Rupert Boat House launch Pachena and Capt. Alfred Swanson assisting in the work W. C. Arnett's big dredge, which rick passenger agent, and Mrs. sank at the mouth of McNichol Creek in Monday evening's gale ack on Friday morning's train was raised yesterday afternoon and this morning steam was up The dredge will likely be brought over to the dry dock for some cepairs before it resumes digging gravel for the elevator foundations.

SEE THROUGH STEEL

LONDON, Mar. 25 .- It will be possible, in the near future b the aid of the X-ray, to see through steel eight inches thic Professor Pullin, director of the Radiological Resarch department at Woolwich Government arsena predicted in a recent address before the Royal Society.

It is an eas malter at present by the use of the X-ray to penetrate pieces of steel three inche in thickness. Professor Pullin asserted, but what is sought by A County Court case between scientists is an apparatus to enable them to examine into cast ings ten or twelve inches through. This is desired so that ing contract is proceeding in the flaws may be detected in cast ings, and to avoid serious dan-

Southern Alberta is to have another addition to its growing list of titled ranchers, according to report. The Duc de Nemours, a descendant of Louis Phillipe of France, it is statranch at Fort Saskatchewan, and, later, to acquire a homestead near the establishment of the Prince of Wales.

The Nova Scotia Technical College assays under direction of the Dominion Council of Scientific Research indicate Nova Scotia oil shales to be the richest in the world, giving fifty gallons of high-grade paraffin to a ton of shale. One hundred million tons of the shale are readily accessible, and vast oil industries similar to those of Colorade and the Western States might well come into being in this pro-

There was a general increase in dustry in Canada during 1923, as compared with the previous year, Dominion Bureau of Statistics. The average value of the output in that year amounted to \$139,894,677, as compared with \$114,324,580 in 1922, an increase of 22.4 per cent. In this respect the lumbering industry comes third on the list of manufacturing industries in Canada, with the puip and paper industry first and the flour and grist mills second.

Passengers aboard the Canadian Pacific steamship "Empress of France," now touring the world, had a unique experience recently while visiting Ceylon. Returning from a run out to Kandy, the old capital of the Cingalese Kings and Site of the Temple of the Tooth of Buddha, a train-load of the travellers was held up by a herd of wild elephants which, hemmed in on either side by the jungle, ambulated along the track ahead. This was a feature of the journey which delighted those of the tourists who were not anxious about missing the

Viola Dana, the famous motion picture actress, whose work has delighted millions, is to be the star of a drama to be filmed at Banff, according to a recent report. Miss Dana journeyed from New York to Montreal and then across the continent via Canadian Pacific Railway, in order to join her company for the film. The remainder of the cast are proceeding to Banff from Los Angeles and it is expected that shooting of the scenes will commence shortly. A very considerable number of big pictures have already been taken at Banff, which seems to have a great attraction for discerning stars and directors who appreciate the beauty of the scenery.
