"My clothes used to be yellow - now they are snowy white"

"I always had trouble with my clothes—they used to come out so yellow. Then a friend told me about Rinso. I found it makes a wonderful soap solution. This removed every bit of dirt and then it all rinsed out completely. There was nothing left to yellow the clothes—as there was no soap to stick—it was all dissolved.

"I am now delighted with my wash—my clothes are always snowy white."

—A letter received by the makers of Rinso.

Just shake some Rinso into a saucepan, add hot water, and you'll get the wonderful soapy solution that is the only soap you need for your set tubs, your boiler, your washing machine. Rinso *soaks* dirt out.
