Don't Judge from Appearances!

THE earth looks flat enough! That's why so many thousand years came and went before our ancestors even suspected the terrestrial globe of being round. Their eyes deceived them!

Don't depend on appearances to guide you right. Don't buy goods on the strength of looks alone. Merchandise with a well-known name has the call. Only the maker of a good product can afford to advertise his name. Attempts to popularize unworthy goods cannot succeed.

Wise merchants and manufacturers seek the good papers to tell the stories of their wares. The publishers seek the reputable advertising for their readers guidance. Well-informed buyers seek news of good merchandise through the columns of the best papers.

This proves the value of advertising. Neither advertiser nor publisher can prosper without your patronage. Therefore, it is to their advantage to cater to you. They do it, too.

It is distinctly to your advantage to be guided by the messages they lay before you—the advertisements.

Read them regularly!

candle at both ends

You wouldn't light a candle at both ends and expect it to last very long. And you can't attend your many duties as wife and mother, then pile on washday labor, and expect to keep yourself fresh and vigorous. Why not let us take care of washday toil and trouble? One of our many services will fit exactly both your needs and your purse. And you can "keep the home fires burning" without burning the candle at both ends.
