SERVICE

NOT SERVITUDE

Has it ever occurred to you that the multitude of Household Helps offered for sale are of themselves useless and incapable of service unless controlled and directed by the already overburdened housewife. Laundry service alone is vital, imposing no obligations, and asking nothing but your friendly disposition, to change your attitude into service. May we call?

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS
Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.
Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.
Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.
Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.
Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.
For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."
Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES
Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES
For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING
Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travelers, up to ten head.

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony arm-chair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment----not a stock speculation

to Detroit to join her husband. She has been visiting Mrs. J. Ragan at Tl-H River for the past three months.

E. E. Wiggins of Tl-H spent a few days in town last week. He came down from his ranch on horseback.

The settlers up the coast report finding a lot of barrels of coal tar on the shore. It is believed these have been washed off some boat that has been wrecked.

There was a surprise party at the residence of Capt. George McRae recently when a singsong was held and Capt. Bert Roberts gave an exhibition of Ji-jitsu after which refreshments were served. A number of visitors from Lawn Hill were in the party.

Mrs. M. McKinnon of Cumshewa Inlet has moved to Queen Charlotte City. Her husband is manager of Kelly's logging camp.

C. Hardie and W. Barrie of Queen Charlotte City have returned from the west coast after having been away a month on a trapping trip. He caught ten land otter and sixteen marten.
