FINAL MESSAGE BEFORE LEAVING

Rev. Dr. Grant Urges More Optimism in City Prior to Taking Long Holiday

Rev. H. R. Grant, D.D., pastor of the Presbyterian Church here, leaves tomorrow for an extended holiday, but before going he took occasion to leave a message with his people at their morning service Sunday morning, that will not be forgotten for a long time by those who were present on that occasion.

Dr. Grant said he found a great deal of pessimism in the city. There was no need for it for everything was going well, everybody was working and the prospects were brighter than ever.

Strangers had noticed the pessimistic spirit. One man connected with the elevator had said: "What's wrong with this town. Three fairly prominent citizens asked me only recently if it was likely a pound of grain would ever go through the elevator after it was built."

"Why man," he said, "I know six grain exporting companies operating in a large way who are all going to try shipments through this port when the elevator is ready."

An agent for a big concern who was recently in Prince Rupert had remarked that everybody was in the blues. "In all my district," he said, "there is not a town with the prospects Prince Rupert has. Yet the people here are pessimistic."

The Doctor said he found a lot of people who had faith in God but in nothing else.

Dr. Grant goes direct from here to Jacksonville, Florida, where he expects to remain for a month. He will then return by way of Eastern Canada, will visit his son Archie at Fort William and then take a run into the Kootenay country to see members of his former congregations at Fernie and Pincher Creek.

Rev. E. W. McKay of Cranbrook is coming this week to take charge of the church during Dr. Grant's absence on the first trip he has made in eleven years other than attending conventions and synod meetings.

What Holiday so enjoyable?

Nowhere is so much enjoyment packed into each twenty-four hours as aboard ship on an ocean voyage.

Games and exercise on spacious decks, or cosy relaxation in deck chairs with the clean sea breeze on your cheeks; meals fit for an epicure, served in a luxurious brilliant saloon; dancing to the strains of a wonderful orchestra, with a stroll between numbers to watch the moonbeams dance on the waters; cards and conversation with congenial companions; and each night, restful refreshing slumber in a comfortable berth in a spacious airy stateroom.

Why not make a trip to Europe your holiday this year? You can cross the Atlantic, visit in the Old Land for a few days, and return, all in three or four weeks. And, if you go via Anchor-Donaldson or Cunard Canadian Four you will see, as well, the beauties of the historic St. Lawrence River.

February is Hard on the Skin

What with cold winds and bright sun the face has a hard time of it. Using Baby's O.V. Soap and washing in tepid or warm water—rinsing well and drying perfectly will usually prevent chaps or scalding and ensure skin health and beauty.

It's far better to keep the skin beautiful than to have to cover up blemishes with powders.
