## VANCOUVER AND OTHER CITIES

People Get Tired of Hearing Her Constantly Toot Her Own Horn, Says Manson

### RETORT FROM SUN

"Vancouver is our great city—the gateway to Western Canada—but still people get rather tired sometimes of hearing about Vancouver," said Hon. A. M. Manson, attorney general, in addressing the Gyro Club at Vancouver this week. "The good citizens of Vancouver must realize they have passed beyond the village stage. The future of this city is assured. They should help in building up other communities in the province. In particular, New Westminster, Prince Rupert and Victoria deserve consideration. Anything the people of Vancouver can do to help in the development of these cities will help Vancouver."

Discussing Mr. Manson's speech the Sun says editorially: Attorney General Manson told the Gyro Club yesterday that Vancouver people make infernal noises of themselves talking about their city. He said that all this boasting is very tiresome to himself, as well as to all other visitors.

Mr. Manson's frankness is engaging. We know now why various Vancouver appeals have been ignored in Victoria in the past. It was pure ennuí.

We know why Vancouver's demands for cabinet representation have never been answered. The cabinet was just so hideously bored with the mention of Vancouver that its members simply yawned and went to sleep

## STOP THAT COUGH NOW WITH A FEW DOSES OF DR. WOOD'S NORWAY PINE SYRUP

Mrs. Alex Foster, R.R. No. 2, Proton, Ont., writes:—"I took a severe cold which settled on my lungs, and my cough was so bad, at times, it seemed as if it were tearing my lungs to pieces. I sent and got a bottle of Dr. Wood's Norway Pine Syrup and I got relief after the first few doses, and by the time I had finished the rest of the bottle I was completely relieved of both my cold and cough."

"Dr. Wood's" has been on the market for the past 35 years; you don't experiment with some new and untried remedy when you buy it; put up only by The T. Millburn Co., Limited, Toronto, Ont.

again every time the subject was mentioned.

Mr. Manson, evidently, does not believe in publicity—for Vancouver. Instead of finding it stimulating he finds it soporific.

Curious anomalies and inconsistencies appear in the careers of all public men. Mr. Manson has more than his share.

For instance, after raising himself to eminence by what is vulgarly termed "tooting his own horn," why should he deny that pleasant and profitable pleasure to Vancouver?

### FINE NEW PRESBYTERIAN CHURCH WAS OPENED HERE YESTERDAY BY PRINCIPAL MILLAR OF EDMONTON.

#### Dr. Millar Speaks

Dr. Millar, who took his text from the incident where the Saviour gathered to him as his disciples the four fishermen from the sea of Galilee, spoke earnestly and eloquently on the subject of "Christianity as a Venture." He traced the development of the Christian religion and explained how the different denominations, all with similar Christian creeds, had been brought about. To describe Christianity as a venture into the unknown was not going far enough, however, for the venture was a justifiable, rational and inevitable one. Organization, he asserted, was a necessary factor. In the course of his sermon, Dr. Millar took issue with the assertion of Lord Birkenhead, on the occasion of making an address recently before the scholars of the University of Edinburgh, when he said: "Great prizes are offered by the world for stout hearts and sharp swords; unadulterated self interest should be the main-spring of human conduct." The sermon was a powerful and impressive one.

#### Evening Program

The program of the evening service, the congregation at which also filled the church to overflowing, was as follows:

Doxology.  
 Invocation.  
 Psalm: "Ye Gates, Lift up Your Heads."  
 Scripture reading by Archdeacon G. A. Riv.  
 Solo, Mrs. Larsen, "Ave Maria," violin obligato by J. L. Lee.  
 Prayer.  
 Hymn, "Breathe on me Breathe

of God." Intimations and offering.  
 Anthem: "The God of Abraham Praise." Soloist: Mrs. Jarvis McLeod.  
 Sermon by Principal Millar, D.D.

Solo, S. K. Campbell, Hymn, "The Day Thou Gavest." Benediction.

In the evening Dr. Millar spoke on the elimination of fear with the newer conception of God. All early religions were based on fear, he pointed out, but later people realized that God was in all nature and in everything that was pure, noble and brave. In modern religion there was no place for fear, except when violating the laws of honor and uprightness. Also a person should fear for himself if he lost interest in the affairs of the community and sat back and let others do the world's work.

The preacher said he did not believe, as some did, that the present age was degenerate and lost. He had faith in the young people. They should fear for themselves when they thought the opposite.

The address was full of hope and inspiration and was permeated with the modern conception of religion.

#### Description of Building

The new building was designed by W. H. Shortbridge, draftsman for the firm of Mitchell & Currie, under the supervision of A. A. Cox, architect of Vancouver, who has visited the city during the course of construction.

The foundation and basement walls are of concrete set on solid rock. The superstructure is of fir with hammer beam trussed roof. The heating plant, in the sub-basement, was installed by Steen's Limited and gives entire satisfaction. The basement proper is laid out to meet Sunday School requirements with a modern equipped kitchen and ladies' workroom at the rear overlooking the harbor.

The main floor of the church is set sloping towards the platform and the platform is raised well above the floor with the choir seats in front of the pulpit giving everyone a good view.

#### For 400 Persons

The building is designed to seat about 400 persons and is ventilated by the Sheringham valve system. The lighting, installed by Parkin & Stuart, is complete in every detail and gives a very pleasing effect. The interior decoration, executed by L. O. Larsen, painter, is very effective and harmonizes well with the general finish throughout.

The plumbing was done by Smith & Mallett and is very satisfactory.

The seating and other furniture, including the pulpit, was supplied by McRae Bros., Ltd. It is of golden oak and gives a finished appearance to the whole interior. The organ matches.

The building has a fine appearance from the downtown side with a tower rising to 65 feet on the south corner.

The entire structure is a decided asset to the city and is a credit to all those who had anything to do with its erection.

George Munro, chairman of the board of managers, was chairman of the building committee and George Rorie was secretary. The entire board of management took an active part in connection with the raising of funds and actual building of the church.

### SKIDEGATE INLET

Capt. Amundsen and Mrs. Harrison were over from Alford Bay on the Towana this week.

G. D. Pitt-Turner, popular secretary of the Farmers' Institute, has moved here with his family so that his children may attend the new school which will be completed next week.

The arrival of the Bingamon at Cumshewa and its loading is being watched with great interest by all old time loggers around here, as if it is a success hand logging will surely become very popular around here.

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony arm-chair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements--and to prepare you an appetizing dinner.
