PUBLIC MEETING ASKS HAVE EMBARGO PLACED ON AMERICAN FISHERMEN

(continued from page five)

the south.

T. Ross Mackay took issue with Mr. Dawson on the purpose of his appointment. He had been appointed to represent Princo Rupert. He thought the selection of Sir Henry Thornton as head of the C.N.R. railway was unfortunate. His policy seemed to be to divert business from the C.P.R. into Vancouver to the C.N.R. into Vancouver.

R. Blance referred to unfair competition of the dry dock with local machine shops in the matter of repairs to small boats.

G. W. Nickerson made some remarks in defence of the Board of Trade and urged strongly the advisability of C.N.R. coast steamers being operated with headquarters for purchasing, etc. at Princo Rupert. Local citizens were giving business to other lines because the C.N.R. was taking everything it could away from Princo Rupert. Any added cost that might be entailed in making this place the headquarters of the fleet he felt would be made up for in increased business that the line would receive locally. If it was not for Princo Rupert the C.N.R. would not be able to get a subsidy for the Islands service which it now maintained to the advantage of Vancouver rather than Princo Rupert. Definite steps should also be taken to get Alaska business into this port. Mr. Nickerson felt that the government and Sir Henry Thornton were perhaps carried away by the present greatness of Vancouver and lost sight of the possibilities of development of this port. There was no doubt also that the C.P.R. was wielding the "big stick."

Fisheries Resolution

The resolution regarding the embargo on American halibut was moved by J. D. Thurber and seconded by Sam Hougan. There was an amendment by J. C. Gavigan and W. H. Montgomery that the port be closed to U.S. fishermen unless they resided and bought their supplies here. After some discussion this was withdrawn in favor of the original motion which was carried, only E. G. Dawson and J. W. McKinley voting against it. There were various speakers in favor of the embargo including W. H. Montgomery, Pete Rorvik, S. D. Macdonald, Ald. Gasey, G. W. Nickerson, C. O. Rowe, George Waddell and Paddy Sullivan. Ground covered in the discussion was similar to that already published in connection with previous debates on the subject. Proof was submitted to show that the Canadian Atlantic fisheries were much better off since those ports had been closed to American boats.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner. Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

"THE MAILMAN"

Emory Johnson's great epic of the silver-sheet selling forth a realistic record of the lives of postmen—their trials, their hopes, their loves, their triumphs. A magnificent photo-drama that unfolds in swift and spectacular succession a veritable pageant of scenic wonders.

SEE! —SEE! —SEE!

The entire Pacific Fleet in full bombardment, senes-plares attacking from the clouds and submarines from the deep—the robbery in the post office—the row boat struck by lightning, the rescue in the pounding surf, the death of the crippled girl, the amazing confession, the boy pitched into the sea, the son doomed to the gallows, the race with fleeing death. All this and much more merged and blended with one of the sweetest love stories ever told.
