### Inspector Parsons at Murder Trial Puts in Sensational Evidence

#### Written Confession by Harry Sowash Places Blame for Hijacking Crime on Cannonball Baker

VICTORIA, Mar. 27.—Sensational evidence consisting of an alleged voluntary confession by Fred Myers, alias Harry Sowash, who is on trial with Cannonball Baker for the murder of Captain William Gillis and his son on the schooner Beryl G. was introduced by the Crown Thursday afternoon.

The confession, declared by Inspector Parsons of the provincial police to have been given him by Sowash when bringing him from New Orleans to Victoria, was a written statement, placed the blame for the crime on the shoulders of Baker and declared that Sowash himself had been the victim of evil companions.

The alleged confession described the events leading up to the actual boarding of the vessel and the shooting of Gillis and his son.

#### CLEARING UP SNOW DIFFICULT WINNIPEG

Heavy Snow Filled Lanes Higher  
Than Fences and Caused  
Trouble

WINNIPEG, Mar. 27.—Clearing up snow has been one of the expensive jobs here this spring. Within the week there was a heavy snowstorm with drifts piled everywhere and while plows took care of the work in the suburban streets, the lanes were fence high and higher, packed solid and with no hope of immediately disappearing.

In the streets where traffic is heavy the snow had to be carted away.

### BONUS SCHEME WELL RECEIVED

Plan of C.P.R. President to De-  
lay Building of Peace River  
Railway Approved

#### ALL WELL AT OTTAWA

F. G. Dawson Returns Home  
After Attending Meeting of  
Railway Board

The East is much interested in the proposal of E. W. Beatty, president of the C.P.R., that the Government should bonus the two railways concerned to carry the Peace River products to Pacific ports at the same rate they would get if they had a direct route says F. G. Dawson, who returned from the East this morning. This would enable the building of the railway to be postponed for a short time and would at the same time enable the Peace River people to sell their products without putting the nation to any great expense.

Mr. Beatty's proposal included a suggestion that the E.D. & B.C. Railway should be operated jointly by the C.P.R. and the C.N.R. of that the C.P.R. would operate it giving all routing preferences to the other line, the railways to be paid \$180,000 between them as a bonus for low carrying rates.

Mr. Dawson said the proposal was made just at the time he left Ottawa so he has no official information as to the attitude of the Government or the railways, but the people he met seem inclined to welcome any proposal which would do away with the necessity of spending millions of money this year until the finances of the country are in better condition.

In all probability another conference will be held soon when all the interests will be heard and the matter will be settled.

Mr. Dawson says that everything is going well at Ottawa. The business is so well advanced that the House expects to rise by about May 24. He attended the meeting of the railway board at Montreal.

### Great Rush for Seats for Big Hockey Match Victoria Tonight Canadiens Practice a New Attack

VICTORIA, Mar. 27.—Fans seeking tickets for admission to tonight's clash between the Cougars and Canadiens started lining up at three o'clock yesterday morning and by half past six the queue was two blocks long. The arena was all sold out by noon.

The Cougars are confident they can make it three straight and cop the Stanley Cup and with it the world hockey honors. The Canadiens, on the other hand, expect to win from sheer desperation because everything is at stake.

At the workout yesterday the Canadiens paid close attention to forward pass combinations, Morenz, Jobat and Boucher experimenting assiduously with a new attack they expect to make tonight. Vezina, the goal tender for the visitors, had his thumb injured in the Vancouver game.

Trading in tickets is being carried on today. Goodly sums are offered for seats to those who were lucky enough to get them yesterday. Three and four times the original value are figures mentioned in connection with some of the deals for well-located sittings. It is stated that many people bought tickets for the purpose of selling them again.

### Amendments to Budget Moved by Conservatives and Third Party in Commons Yesterday

OTTAWA, Mar. 27.—Conservative amendment and Progressive sub-amendment to the budget followed each other in rapid succession in the House of Commons yesterday. Sir Henry Dayton moved the Conservative amendment that "conditions in Canada immediately demand a reduction in taxes" especially of the sales tax and other levies, which have been increased by the present government.

Robert Forke later in the day moved on behalf of the Progressives a sub-amendment to the effect that the budget constitutes failure to carry into effect substantial economies in public expenditure and the fiscal policy of the Liberal party as from time to time enunciated and calling for a revision of the tariff based on the need of revenue instead of on the principle of protection.

The sub-amendment was ruled out of order by Speaker Lemieux. The ruling was appealed and the House sustained the speaker by a vote of 120 to 50.
