DAILY EDITION

CUNION LASED Thursday, May 14, 1925.

Prince Rupert And Alaska.

Prince Rupert as the terminus of the Canadian National result of which there seems to Railway is vitally interested in the territory of Alaska. Already be a difference of opinion, the there is a great deal of competition between Alaskan towns and bets having been held up temsome local irritation at times at the attempts made to get busi- cide who is the best shot. ness away from this city.

It must be remembered that Alaskans are trying to look found Frank in his shirt sleeves, after their own interests and we are looking after ours as we while in the dining room of the see fit. Anything we do is not primarily to help them but help ourselves. So, any action they take is not for our benefit been spread with snow-white but their own.

However, there are matters of common interest in which uncheon consisted of five we can join without any conflict. Most of the Alaskan people courses. There was "cocktail de seem to be opposed to the Jones Bill but it still stands and keeps Prince Rupert," "Fruit salad a la the Canadian Linotype Ltd, who Canadian vessels from operating in a manner that would bene-Ketchikan," beef steak with bak- returned a few days ago from fit both Prince Rupert and Alaska.

Natural Outlet For Alaskan Products.

Prince Rupert is the natural outlet for Alaskan products," plate was a menu card and "How I wish you might have said a Ketchikan merchant a few days ago to a representative of Frank hovered around, lithe as a been here yesterday to have had the Daily News, and his statement has been echoed by numbers Ketchikan waitress, attending to a few thrills when the stampe 1-1 of others. They all want to ship goods through this port and we every want of the visitors. | ers left for the Cassiar. It was want them to do it, but there are fool regulations that prevent. On the way home the members one of the most perfect days The regulations are not ours but theirs.

There is a general desire at Ketchikan to work together ful scenery, swapped stories and river boats loaded with people with the people of Prince Rupert for those things that would incidentally learned to pro- from everywhere starting out on benefit both places without discriminating against either one. nounce the name of this island, a gold seeking expedition was all The people there are fully alive to their own interests, keen "Revillagigedo," in doing which sight never to be forgotten. businessmen, who have had to fight their way step by step for one or two of them became so "A cinematographer was on everything they have.

Been In Business For Long Time.

Ketchikan has been 25 years in building and yet it is not tertainment, they could possibly soon as any of the pictures are as big as Prince Rupert. It is greatly handicapped by having a have. poor townsite, but the people have energy, determination and business ability and they pull together, realizing that in union NEW REGULATIONS FOR

The towns of Northern British Columbia and Alaska are somewhat scattered and none are large. Because of that they can benefit from uniting on those questions which concern both If Ketchikan ships its products direct to the markets of the world and Prince Rupert does the same, it will be easier to get ships to call if the products of both ports are available. A ship calling here for grain could well put on a deckload of lumber! at Ketchikan and proceed to Great Britain or the Orient from there. We lose nothing by encouraging Alaskan business and we have everything to gain. It is to be hoped that from now on business with the Alaskan ports will increase. We have the taboo. No longer may a barber : facilities to handle it and there seems to be no good reason why there should not be a steady growth of trade between that territory and this port.

Readjustment Seems

Quite Probable. There has been a period of high prices in various parts of be sterilized for each customer, of our local men become famous the Exhibition Hall tonight at the North American continent with consequent prosperity. Now this inflated period seems to be on the wane and it is affecting bublished by the Provincial don't all get sore. the producing districts including Prince Rupert. The people in Board of Health. the big centres have not the money to buy the high priced goods and the result is that the prices slump. This has affected both the halibut and salmon here. The buyers here, operating on a coat. Now the regulations say falling market, are buying eight days ahead of delivery and they they must. If they want to use can only guess what the prices will be when the product reaches powder they must transfer it to the eastern market. Sometimes they make a good profit and sometimes they lose. What they have to count on is the average, or absorbent cotton or towel
